

Hi I'm new

Hi everyone, I heard about this forum from reading Rabbi Twerskis book "teshuvah through recovery."

I have 6 years clean in the NA program here in the Michigan region.

I am a very involved NA member doing service on multiple levels such as a weekly H&I commitment.

I was born in Brooklyn raised frum but slowly and surely went completely off the derech.

Now with some clean time I am slowly coming back into the fold of my local shuls. I still have struggles with yiddishkeit and other issues such as porn on my phone and being married a year ago to someone who isn't frum or even interested in the direction I am now heading...

Looking forward to joining this community
