On second thought, and reading other places where he has posted, he is a absolute troll. As funny as it is, it doesnt belong here. Anyone else who has read all his posts agree?

Please respond so we can ban this nudnick.

No interrogation

I need a clear yes or no answer

Did you see all his posts BEFORE you decided that he's interested in recovery?

I am assuming the answer is no

You're not the 1st guy

A different fellow PMd me "why are you upset with the guy"

I replied "have you read all his posts" he replied "oh"

And you should definitely do what others said to me

"don't read this thread"

and don't let it get to your head

Markz,

I read all his posts and was quite aggressive to him as well. I thought that even if he wasn't a troll that he totally didn't get it. But we had someone recently who had some similarities and made a big turnaround. And I felt that once he said he's not a troll with that red faced emoji and was honest enough to say he wants a shortcut, we should give him a few posts to see if he's serious.

Did you see him continue his stuff after he wrote those later posts?

I just looked up his posts and yes I have read all 36 of them

My opinion stands people need to let it go and see what happens now

I never understood what he meant with the "relationships lastin' or not because of sheva brachos," and that "nobody cares that the females have a free pass."

Personally, and not as a mod, I think this frum site is about recovery-based discussions (not necessarily solutions); as long as it fits into that broad spectrum, it's fair game.

Also personally, the further along in recovery I travel, the less it happens that people bother me.
