

First Time Posting

A gut yur to all.

This is actually the the most refreshing and helpful program that I have come across so far.

I am a 39 year old married man ,trying to raise a frum family. I just recently came to my senses realizing that that my personal life was a disaster and I was killing myself inside.

The secret of molestation and not getting help for it has done so much damage to my life, work, family etc. And only when I came to terms with it and the addiction that I had , was I able to start trying to be honest with myswlf and try to pickup the broken prices of my life , emotionally, mentally and physically.

I jumped in head first, SAA programs, therapy etc. But for some reason, inasmuch as it helped to a certain extent, there was a disconnect being a frum not person.

When I came across GYE, and realized how much they have to offer, the resources, professionals, knowledge etc, I knew that they are for real.

I am on my way to begin my 90 days for the 5 the time, but this time with the right hashkafa alongside me....
