Hi all,

Just introducing myself, I joined this morning. I am 30 years old, married with kids, can be described as yeshivish, and have been struggling for let's just say, many years. People think very highly of me, I give various Shiurim in my community, but only I know what I do at night and when no one is looking. That's all I got.

Hi all,

Just introducing myself, I joined this morning. I am 30 years old, married with kids, can be described as yeshivish, and have been struggling for let's just say, many years. People think very highly of me, I give various Shiurim in my community, but only I know what I do at night and

when no one is looking. That's all I got.

Hi brother.

Im in the same boat

_____ /

:

Trying to stay afloat
