

A struggling bochur

Posted by Shnitzel and kugel - 26 Jun 2018 19:00

Hi, everyone I'm a 21 year old bochur, struggled with masturbation since 14! Went to Yeshivah and bh had no access to technology so it wasn't really a issue then when I got a smartphone 2 years ago the issue started again. Bh I discovered this website 3 weeks ago, then I installed webchaver and iml very careful now with Shmiras ainayim whilst walking in the street, and I've also joined the 90 day challenge and I'm currently 16 days clean! Iyh many more day by day with the eibishter's help!

Any other bochurim out there in my boat?

On Friday someone was telling me how he went to this restaurant in NYC called "holy shnitzel" I burst out laughing:joy:

Then i was talking to my mother and heard her telling my sister to take some shnitzel and Kugel

Was chatting with someone on gye tonight and he asked me if I was ever molested so I said no.. then I remembered..

When I was like 6/7 I was in the bath together with my brother and he touched my private parts to gain pleasure from it.

It was with my consent so I don't have that guilty feeling that I was molested however I'm not sure if that incident has left a mark on me which subconsciously causes me issues including the desire in acting out etc...

I highly doubt it has anything to do with it. If the memory doesn't evoke negative or hurt/guilty feelings, then it's probably not related.

Then again, that's just my take!

Alternative to the 12 steps but same idea as in live meetings etc

The word "smart" is strange to me.

Why especially "smart" in this case ?

I don't understand also the signification of something like the 12 steps but without the 12 steps...

?? ??? ????? ?????? ?????? ????? ??????.

Today I celebrate one year since I've joined gye.It has been my best year

Physically: so much more hatslocho in everything I do, and definitely think the eibishter is showing me that he is with me and holding my hand.

spiritually: so much more guided in my spiritual growth by getting a Mashpia, telling him about my struggles, listening to his advice, and know I'm doing what's demand from me, happy where I am but obviously not satisfied and working each day to grow higher.

Emotionally I've been to therapy for a few months which helped me tremendously in different emotional issues in certain areas of my life, plan on going to a sex addict therapist. I don't define my identity by what I do or experiences, rather acting out is just an action I did. I recently joined a bi weekly 12 step phone meeting.

I plan on bezh going to live "smart recovery" meetings, which includes saying my real name, I also will be meeting face to face a fellow gye friend which has been through the process of "smart recovery", we both know each other's full identity.

I really dont like hiding anymore behind my name "shnitzel", those that are open know what I mean...I

If not for gye I would of been who knows where I'll be?

I'm only at my current good state thanks to gye.

so no words to thank Reb guard shlita!! (That's why the thanks is only one line)

thanks to everyone here for encouragement, advice, etc!!

All those lucky bochurim reading this, as a single guy, it's the best time to take care of this issue

and give it all you've got!

I'd be happy to help you out so feel free to contact me.

Got to run...
