

"Just regular movies "

A few days ago I started a topic in the balei batims forum about how I'm addicted to regular movies. How it takes up way too much time like sometimes till 5am. How I adore them in an almost worshipful manner. How it takes up too much of me.

Well I've just had a rude awakening. You see what I've also struggled with only a few times in the past was exploring regular Hollywood movies that had inappropriate content like nudity...nothing to graphic but enough to get aroused. I have only done this a few times. It only happened on rare occasions and I always got it in check with tricks or a knas etc. I completely got passed it and stopped and haven't done it in like 2 months. And during those months I grew immensely in shmiras einayim in all aspects. I was convinced that I was safe. So the only problem was just my addiction to movies.

Lo and behold out of the blue last night I fell so completely unexpectedly. This led me to view a few inappropriate pictures too. Nothing crazy just something I thought I conquered. Oh well now I really gotta kick my movie habit if it leads to this. I am resetting my 90 day count and will iyh try to stop movies all together. Still gonna watch clean comedy with wife but no more movies by myself unsupervised and at all hours. So my 90 day count will be in regard to movies, viewing inappropriate material and HZ"L (not really a problem but another geder wont hurt). I'm posting here to hold myself accountable.

Fell to new lows (for me) before this streak.

For the past 24 hours I launched a vicious, bloody crusade against my poor filter.  
(Un)fortunately it held up. I won't say it kept the most chassidish standards under the battering it received, but it held up against what I'd call a fall. I may have to send it to therapy.

B"H I have an amazing accountability partner who reigned me in just as I was rolling in with my battering rams.

I won't say I wasn't expecting to be overcome like this on day 96. I was. Not an hour went by since day one without me craving and lusting - sometimes to the point of physical pain.

Not sure what more to do besides to keep fighting.

Not sure if it will get easier.

Not sure if it has too.

Not sure if and when I'll eventually crack and get access.

Though I am sure I'll never quit the fight.
