

Make it to Yeshiva

Hi everyone,

First I want to say that I am humbled and honored to be in the presence of such Giborei Koach, true warriors of Hakadosh Baruch Hu.

I bh am not addicted to pornography.

I haven't been on a porn website.

But I'm getting close, and I'm here to gain chizuk not to fall into it.

Once I return to Yeshiva I'm safe, but as long as I'm home I'm in danger, and bh I haven't fallen into pornography. However it's the next step, chalila.

I bh am running a camp, so I started keeping busy, so bh have only been nichshal once in the last 3 weeks.

i want to just express my gratitude to all of you, and my great admiration for each and every one of you.

My Yetzer tries telling me "comon, porn can't be that bad, it's just the word that sounds scary" or like "it can't be so different than YouTube videos"

So I'm here to gain that chizuk.

thank you!

(Too scared to post this so I'll put it in parentheses, After I did the last post I was nichshal more until my friend came from the bais at which point I called him and changed code... I went and got a massive cup of frozen yogurt for dinner, and now feeling withdrawal from not watching more zachen. Oyyy it's like drinking sand, doesn't quench the thirst.)

Ooh I was getting worried you went crazy with some ToughSics or Cold showers...

Good to see you're normal.

I love your posts and watching your progress.

You've come a long way.

No worries.

Keep on Trucking.

How much does it cost to FedEx it home?

2 days in yeshiva without it is worth the few bucks...

Here's an idea. Have your Dad change the icloud password to your apple account and then report the phone lost and change the iphone password remotely.

Don't consider it a fall. It is a Yeridah Ltzorach Aliyah. It taught you a lesson. Keep up the good work. I'm extremely amazed by you.

Thanks for the eitza and the kind words.

Amazed? Not sure what's so amazing, but thanks...

Yerida Itzorech aliya still means it was a yerida. Meaning, even if I use this to do better, this is still bad, just trying to keep clarity in my mind.

Thanks!

I need help

Here's the pshat: So my friend had put in a new restrictions code.

Later on, after fantasizing, wishing i could get "another chance," and ignoring the eitzah of my friend To "close my eyes and run to the bais," I saw that for some reason the new code didn't register and there was still the old code which I knew.

At which point I thought it would be a great time to do teshuva, but I squandered that, was nichshal more for almost an hour.

As I edged closer to Masterbating, and glued to my bed, with my last breath I pressed "call" on my dear friend Zedj.

He stayed on the phone with me until my roommate returned from Maariv at which point I got him to again put in a new code.

After he put in the new code I began walking away but then I thought to insure it registered and I saw it still didn't!

So we figured out the problem, and Bh now all is good.

After tons of frozen yogurt (16\$ worth!), a Fresca and a bag of chips, coupled with today's shindig, I'm feeling pretty gross...

And now, at this moment, the tzadik Ish M'Grodno, without knowing what was going on, gave me a call!

Ah! A glimmer of hope.

But just a glimmer...

Edit: Made a deal with Ish M'Grodno to do zero internet browsing until The new zman (this

includes the vital and exciting time of being home).

I am thankful to all of the very special tzadikim and true chavieirim here.

With now a ray of hope,

YeshivaGuy

Baruch HaShem things are going great. Not perfect, but pretty great.

I was zoche to meet HHM tonight. It was a tremendous chizuk and zechus to say the least.

I just got back from the Bais HaMedrash after solidifying and quantifying 4 questions I have on prior shiurim for my Rebbi.

I can't wait to meet with him in his office to talk in learning and not only meet to discuss my problems.

Im still searching for a chavrusa for next zman. It's been hard learning alone for first seder for the last 2.5 months...

Anyway, I'm feeling good and looking forward to a productive day tomorrow and an uplifting Shabbos, B'ezras HaShem.

Ok time to dig some more. Wasted the day so far with the yetzer (in other words I almost masterbated) going against the grain and gonna push to go to the bais.

Its become clear that under no circumstances can I bring this iPhone back next zman. And it most certainly won't be in the room I sleep in at home

I'm moving on. I put myself in a stupid and untenable situation by bringing this iPhone back. But all I can do is commit to not repeat the mistake.
