

Make it to Yeshiva

Posted by YeshivaGuy - 04 Aug 2020 05:33

Hi everyone,

First I want to say that I am humbled and honored to be in the presence of such Giborei Koach, true warriors of Hakadosh Baruch Hu.

I bh am not addicted to pornography.

I haven't been on a porn website.

But I'm getting close, and I'm here to gain chizuk not to fall into it.

Once I return to Yeshiva I'm safe, but as long as I'm home I'm in danger, and bh I haven't fallen into pornography. However it's the next step, chalila.

I bh am running a camp, so I started keeping busy, so bh have only been nichshal once in the last 3 weeks.

i want to just express my gratitude to all of you, and my great admiration for each and every one of you.

My Yetzer tries telling me "comon, porn can't be that bad, it's just the word that sounds scary" or like "it can't be so different than YouTube videos"

So I'm here to gain that chizuk.

thank you!

I just gave into my Yetzer Hara and watched a movie with many inappropriate scenes.

I won't go into details.

It was about someone addicted to znus and ended up doing SAA.

I saw it for the znus scenes lmaaseh, but the ending SAA part made me cry when she said she was raped.

Anyway, not giving excuses for my actions. I won't masterbate and will carry on. I can no longer watch movies in any way so that is good.

I retain the count.

Gn. Sorry, and Hatzlocha

Fell now after 16 clean days.

Makes sense.

I just got my iPhone back (last night) for last week of Yeshiva in order to do kiruv over WhatsApp (like getting a kid to not go to secular college).

Should've asked a shaila before making that cheshbon.

I can't hurt myself for others.

Anyway, Gn

I got a very big scare last night.

Many death threats to send money, from someone I had once given my number to on an online chatting site.

Bh I haven't been on that stuff recently, this just came up now.

They new my full name etc...

Be aware, that even if someone has a US number, even if it's on WhatsApp, there's a good chance (as the FBI told me last night on the phone) it's a "spoof number" from people in Nigeria/India etc.

L'toeles harabim, these chat sites are all full of scammers who will send pics of themselves, flatter you etc. Unfortunately I've had experience with many people trying to scam me.

Be careful, and never ever go on those chatting sites. It's really not worth it, especially since many of these people are dangerous...

And even the real people, are the scum of the earth. They really are. Not a place for a Yidishe Neshama.

I ask HaShem to protect me ????, and may I be zoche, amongst Klall Yisrael, to be ????

A lot a lot of taiva... Wasn't so good with shemiras eynayim and now big big taiva to masterbate.

I really want to be clean, I do.

Started touching myself, but no, enough. I can't do this to myself.

I need to stop this nonsense.

I am a ??? and this is beneath my dignity.

I haven't fought hard like this in a long time, the yetzer says once I "start" I might as well masterbate, but honestly, now I don't care.

I don't care what my Yetzer says or what anybody says.

I am not a victim.

I am a Baal Bechira and I can do ANYTHING it is that I want.

And I will not masterbate.

Case closed.

Baruch HaShem, I won last night. It caused me to be awake longer as I could've just masterbated and fallen right to sleep.

I gotta get more melatonin to help with my falling asleep to make things easier.

Even now I want to masterbate, but I'm holding back.

Im in this for the prize.

And the prize is you. The you that you want to be. Correct?

I can't tell you how today will go or tomorrow. But one thing I think anyone reading your thread can see is that you will get there. And perhaps then you'll notice that your battles and strength got you there, even though it didn't say that on your "clean days counter" at the time. It's the ~~error, the tough clinging error, that changes you and makes you that person.~~ Couldn't have said it better myself.

It's like an ice cube. You add heat and it gets hotter. Then it hits 32 degrees and when you add more heat the ice cube's temperature doesn't get it any hotter. Until you notice that the ice cube melted. And all that heat was going into the phase change.

You're also having a "phase change." It's the change to the person you want to be, the person you will be proud of forever. And the only thing that gets you there is the effort that you put in, which is your "heat." Every bit changes you slightly and it can't always be seen at the time, but in the end it adds up.

Masterbated.

Not much more to say.

Getting back up right now.

No more touching.

No more indulging in hirhurim.

(It's last week of zman and not doing so well in learning so just sitting around doesn't make things easier... Going to camp B'ezras HaShem in two weeks).

Let's face it, this struggle is REAL. You win some and lose some, the main thing is never to give up. As long as you're in the game, you're always a winner...

Clean. Baruch HaShem.

No touching or indulging in hirhurim.

I was in doctors office today though, and there was a frum secretary (like 3 of them, with one not as tznius..) around my age and I kept looking at her... tried not to though but mostly wasn't matzliach.
