

Make it to Yeshiva

Posted by YeshivaGuy - 04 Aug 2020 05:33

Hi everyone,

First I want to say that I am humbled and honored to be in the presence of such Giborei Koach, true warriors of Hakadosh Baruch Hu.

I bh am not addicted to pornography.

I haven't been on a porn website.

But I'm getting close, and I'm here to gain chizuk not to fall into it.

Once I return to Yeshiva I'm safe, but as long as I'm home I'm in danger, and bh I haven't fallen into pornography. However it's the next step, chalila.

I bh am running a camp, so I started keeping busy, so bh have only been nichshal once in the last 3 weeks.

i want to just express my gratitude to all of you, and my great admiration for each and every one of you.

My Yetzer tries telling me "comon, porn can't be that bad, it's just the word that sounds scary" or like "it can't be so different than YouTube videos"

So I'm here to gain that chizuk.

thank you!

Thank you.

Its just that, it feels like I would've been nichshal last night if not for that convo a few months ago where I told my dad to look out for me... (still can't believe I had the guts to tell him that)

So I feel weak cuz otherwise would've given in.

Plus, i just feel immature, like I needed someone else to step in.

Or maybe I'm just human...

I went through a similar situation recently (you can even check out my post about it [here](#)).

Here was a beautiful response from @snowflake.

I speak for myself as an addict, I think we will always have these "close call" moments where mamash Hashem saves us from ourselves. I think if we are doing everything in our power to stop this Hashem "fills in the blanks" for us.

Of course we must always up our defenses, but I think there's always that what you mentioned. For me it has been really helping doing exactly what you mentioned, davening to Hashem that I should have a clean day.

Congratulations on your progress! Please keep inspiring us!!

You need to do your best but all in all you should see how much Hashem loves you and is looking out for you to succeed.

All the best.

Bad news is that there's internet devices everywhere...

12 days here at home until returning to Yeshiva.

Will I survive?

Only with the help of u guys, my dearest and truest chavirim.

I must not give an inch.

Not an inch.

I-my Seichel, my Neshama, is in control.

Tov shall rule Rah.

Through ??? ??? and ??? ???.

I'm here for the win.

My Neshama shall not have descended to this world in vain.

???? ???? ???? ????

Honestly, it's scary, but I know I'm not alone.

Get excited buddies for some more Kavod Shamayim!

Sounds like you have the right attitude to make through the next two weeks. Do you have a plan to mitigate the risk? Like a kabbala to not use any of the unfiltered devices unless certain conditions are met or something like that?

In my yeshivah years i didn't have a soul with whom I can share my intermost pain and struggle, the suffering in silence was: hell is an understatement. Talking about these issues was unheard of i guess it took some decades to face reality and open up, just want to say that I'm happy for you and confident that you'll make it.

Be'Hatzlacha

Thank you so so much.

I hope not to let u down.

Im pretty afraid cuz my minds been runnin wild bout all the Yetzer wants to do, but will try to succeed bezras Hashem

I do, I need to text someone and tell them when I'm done and I gotta tell them why I'm using it.

But really, I think I gotta make a knas cuz it's too easy

It's scary stuff- walking by the Tv multiple times a day which can access YouTube and can't block it at all (see earlier posts on this thread).

There was a prob with the restroom smell in the rv?

near some of the devices as a reminder for yourself that some of them may not be the best for your neshama...

Either way - Hatzlacha!

Just because we were released from cov-19 quarantine doesn't necessarily mean we have 2020 vision to see what's gonna be next week and definitely not the next 30.

Take it ODAAT

One day at a time

and

One device at a time

Who knew the life of a yeshiva bachur could be as entertaining as a movie, thrilling as a novel, and holy as a gemara?

On the practical side, some knas may be a good idea. And if I may be so bold - perhaps another chat with you father would do some good? I wouldn't suggest it considering I haven't had the guts to do it myself, but I know that you've had one in the past, so you've already shown you are stronger than me.

Anyway keep on inspiring.

Really wanna masterbate.

Feeling deprived.

The “maaseh biah” keeps flashing through my mind.

Cant believe I’m not giving in.

Feels like I’m not “myself”- in the past I would def masterbate right now without thinking twice...

Take care fellas.
