???? ??? ? ?????: ????? ?????? ????? ?? ????? ???? ?

Rebuild,

We are here - always very present in your life....and we are devoted friends who want to help!  
We also need YOU to keep on inspiring, as your perspective is so unique and important. While  
you have suffered terribly (and are **definitely** entitled to dark days), we also want to hear when  
things become lichtige again.

So please post next week:

???? ??? ?? ??? ???

????? ????? ??? ???? ?

?And don't make me cry, buddy! (I work full days on Sundays ; )

Rebuild, never (ever!) let go. Hold tight. Stay in this community. (Sound familiar? Yup, you were the one preaching that to me 2 months ago...)

Your friend, Ish Migrodno
