Hi,

You said they recommended you cut back a bit... I doubt they said you should disappear!

Mazel Tov your strength made my day quite literally. Your love for the girl and your desire to keep shomer negiah is inspiring. Bezras Hashem, in two years you can be together as husband and wife without hiding your relationship.

Hey all!!!! It's shtarkandemotional... wow, I must say it's been a while since I was here! And I'm actually very proud to say bh since the last time I was here! It's been really hard emotionally for other reasons... but I still never met my "girlfriend" even tho she's not too far from my own home... we are staying strong and Bh the clarity to not meet sometimes fades I tell myself what's the big deal it just takes some time and I'll be where I am now agian... is there really such a difference by not meeting?!? But I just need to remind myself I guess... but Bh the crazy intense desire does fade which makes it much less painful to handle now... but That doesn't take away the oneness and love I have for this person... it's more the pull to be with her is much easier to handle and is much less on my mind, the attraction and everything with it is kind of more faded it's interesting and sometimes gets hard cuz, I used to be so pulled... and now not so much... now it's easier to bear... it's just sometimes I think about the old days of that connection I felt so close to heart and everything with it ... I think I don't have to say even 2 years anymore at this point we can say a year and half Bh!! I'm pulling through... I really appreciate everyone here thank you all!- shtarkandemotional

I still didn't meet! I'm really proud of myself and her! It's honestly hard for her too we're in it together! We're real friends forever... thanks all for the tremendous support! 1st of all the hard work is not in the garbage because you have experience. If you do it a second time you'd have an advantage you did not have the first time.

?secondly i can't tell you forsure what's the right way to go about this. However, I think you should speak to her and explain to her what the problem with the relationship is. get her to understand and be on the same boat as you. And make a mutual break up. if you are that close to each other she should understand. And let her know that one day there will be a right time where u would be able to work it out and maybe you can get married through the right way.

hatzlacha raba!!

and feel free toto contact me if you want.

I'm back! Tomorrow will be a complete 4 months of not meeting! And that means we're getting closer to revisiting this idea properly! I wanna thank everyone for all the chizuk and the tremendous support... so Bh after 4 months... things have really faded in my mind of how things are with her in person! unless I work on thinking about it and comes to my mind... how it was spending time together in person and all the painful desires and emotions are all clam Bh! After 4 months of pain and hard work BH I got to this point! But you wanna hear something beyond retarded! After all the pain and working so hard to heal I wanna go back! I wanna go back now! I want her! It's so hard to not feel that strong emotional closeness! Why am I forgetting the pain of being so close emotionally and not being married?!? It's a whole different level of emotional torture maybe I can remind myself of how things were and remind myself to stay far away if I want to feel good nowadays... one thing I can say is I never ever thought I would reach this far and things would feel good inside me! I'm learning better I'm craving much less things are just so much better... I'm happy to be who I am! Not craving and living for the future so I can be with shprintza! Lol! Anyway! Thanks all! I hope to be back with 5/6/7/8/9 months of no meeting I believe I can do it! With Hashem's help I will succeed! it's only a year and half left! Soon it'll be only a year... take it slow take it easy and with Hashem's help and guidance we'll reach there! Hashem thank you for the pain thank you for happiness and pleasure! Everything is the best possible thing for us in the moment it's just a matter of if we can see it and understand it or not!!! Thank you hashem for everything!

Hey all! It's me

Hey all! It's shtarkandemotional here! Can't believe how much I owe Hashem! How much I came forward from December 2020 -December 2021. I specifically remember 12/19/2020 last year and how a lot was going on. And look where I am today! 12/19/2021! I'd like to publicly thank the entire gye chevra for all the warmth and love and help throughout the must roughest and toughest brutal times. And especially captain for the many hours he spent on me regardless of his busy schedule! A lot of where I am today is because of him! thank you Hashem for sending him as a sheliach! (Sorry I'm announcing it publicly.. it's just so necessary for the world to know what a great person you are!) Bh I have made a whole lot lot of progress in my journey- in all of them.. And I hope to lyh move toward marriage in less then a year bezH. Thank you everyone!
