I just want to point out that "feelings" are neither wrong nor right, good or bad. It is how you act on those feelings that makes them right, wrong, good, bad or indifferent

Welcome, my friend! Can you share more? What's going on? When did this start? Have you done anything to help yourself?

Looking forward to hearing more from you

Don't know what you're going through but I'm sure it must be very painful! You've come to a great place of healing and serenity. Please take full advantage of all the services that the tzaddikim provide us Heilige Yidden, and Be"h you can get through this too.

Welcome! You've definitely come to the right place.

I think this feeling is more common than what people might think. There's a [very special forum here for people with SSA](#) (same sex attraction). Get comfortable and read some.

[This particular story](#) is one that really moved me on many levels.

Hey buddy!

I can relate to ur post. Have been dealing with SSA for 25 years. Im BH married with kids and a successful job. It is possible. This nisayon is a nisayon, it doesn't define you as a person. You can have a normal great life, just need to get the right guidance to overcome and change your mindset. Learn new patterns. Its possible.

The forum bennyh attached has a lot of info on it. One particular thread that helped me and was very eye opening was

TOPIC: Gender Wholeness: Its influence on our SSA Lust- by jonathon. Check it out!

Feel free to pm me.

Hatzlacha!

Keep us posted on your stats
