

Introducing Myself

Posted by samshmuel - 05 Dec 2023 16:10

Hi

?I'm clean for a while B"H

but struggling in solitude is extremely difficult, hopefully being in touch with fellow strugglers who are understanding & unjudgmental will ease the burden.

Looking forward

I really feel for your suffering. Having questions like these are really tough to deal with because of all the self doubt involved. Please dont get upset at yourself for having questions. You are a good searching Jew. The fact that you posted here shows real strength and commitment to Yidishkeit, perhaps even more so than your typical Yid. There is nothing wrong with you. The fact that you are clean despite all this is a testament to amazing internal fortitude and real resolve to do whats right, and show you have real emuna. You know whats right despite all the questions. Its really incredible and inspirational!

?? ???? - did not work AT ALL?? ??? ?? ?????? ?????? ???? ????did not work either and it was precisely after these 2 advise that I fell even lower. then I was thinking maybe I'm so rotten that the Torah was in the category of ?? ??? ?????? ?? ?? ????? It is very embarrassing, but I have to confess that at one point I was so angry at Hashem why he did not protect me that I did stuff????? ??????? ??????? ??"?

Although, like with any question on any sugya, answering over email or on a forum doesnt do it

justice, I will attempt. But I would suggest a phone conversation with a mentor for real clarity. Also, being as you have said you are feeling a lot of inner pain, it makes sense that many answers will seem inadequate, for we cant answer questions of the heart with logic just as we cant answer questions of the mind with emotion.

The gemora in Brachos 5A clearly says that at times paga bach menuval ze does not work all the time! The gemora says "yaasok betaora, im natzco mutav, if not layne krias shma,...yazkir yom hamisa". Additionally with the story of R Amram Chasida in Kiddushin, he screamed out for others to come, he did not go learn or even remember yom hamisa. With extreme nisyonos, not always will it work. Additionally, R Yisrael Salanter (ohr yisroel 4 or 5) and the Chosen Yehoshua talk about the need to use strategy against the YH as well aside from Musar and Torah. Just hoping for a spiritual salvation alone is not the way, although it helps.

Pas Besalo has nothing to do with having an outlet. It is a physcological ease that comes from knowing you have a technical way of taking care of your needs. When a person is already craving something, it will not help. Additionally, when a person chases after modern lust, there is a tremendous amount of variety and selfish pleasure seeking that will not be fulfilled by a wife. If a person does not appreciate true intimacy, it is doubtful that a wife will put him at ease regarding this for he knows she will not (nor should she) fulfill his every whim.

As an aside, I do not think your anger constitutes kavana lehachis at all. It is a reaction to your inner turmoil. Ayn adam nitfas al diburo mtoch tzaaro. Even thogh this isnt dibur, the concepts are compatible. I really think you have to give yourself a break. You are doing amazing!

I'm quoting R' Yona on the importance of talking to friends

??? ????? ????? ?? ????? ????? ????? ????? ?? ??? ??? ?? ????? ????? ?????

???? ????? ????? ????

(???? ??????? ??)

I once saw in one of the "???" that since it's very difficult to fight the "???" so by talking to a friend about "????/?????" then it's 2 against 1

so it becomes much easier

another peace of R' Yona on the greatness of offering sound advice

????? ??? ?????? ?????? ?????? ?? ?????? ?????? ?????????? ???????

(??? ?- ??)

a great guy from the GYE family contacted me and he gave an hour of his time, Thank you from the depth of my heart

Here's a warm hand - Shalom!

Perhaps 30 years ago you were over on the next table or Shtender from me. And we were both struggling very much alone....

?"? for GYE.

The first step in removing the ??? ???????? is to remove the calloused shield around your heart that is built of scar tissue and reads: " No hope of change. It is what it is".

To me, GYE means hope. It is **not** "What it is". It doesn't have to be.

GYE means doors and pathways where there were none before.

It means finally walking this lonely road with others who understand.

It means discovering that there are good folks who have been through what I have been through, and more, who have gotten out.

You can too!

Hope again.

Not everyone needs therapy, though it can be helpful.

????? ??? can subside when we learn to let go a little of the pervasive ?????? ??? that has become attached to the very essence of our beings over long and lonely years.

It may be 30 Years later, and there are streaks in our beards (at least in mine). But it ain't too late, chaver.

Take my hand. And stay in touch.
