So here is a story with some details changed to protect Eerie.Part 1

Eerie called me on Erev Shabbos for his regular dosage of Blood Pressure medication ( which this week, unfortunately, had to be raised), and while I was busy medicating him I got an incoming phone call from an unknown # that I thought looked a bit familiar. So obviously I put Eerie on hold and jumped to the other call.

There is a deep (smokers?) voice saying Hi I got your number from the email you sent .... It took me a minute to realize that he was talking about the fact that I posted my phone number on Friday for IWLR to respond to the infamous sign ripper downer. ( yes I realized after the fact that my post was missing a digit - too bad). I offered to patch him through to the Blood pressure man himself but he declined saying that he only wanted to talk to one person at a time. So I proceeded to Yell at him. While I was yelling, I decided to quickly look through recent calls and I saw the same number called me the previous day. So ( still yelling ) I said, let me ask you one question. ????? Today you called me because you got my number from the email, But why did

you also call me yesterday?

Stunned silence.

Followed by laughter.

Followed by the fellow saying, Hi redfaced my name is amevakesh.

And then I said OOOH Now we must get Eerie on the other line. This is gonna be good!!

To be continued.....

Part 2

When amevakesh graciously agreed to help me ruin Eerie's day, I merged the call.

Chevra, lemme just say that if anyone had ANY doubts if Eerie was the right man for the job of getting this hotline out there, boy did he prove himself.

The man has molten lava in his bones!!!

What we can call 0-60 in 1.7 seconds

.Let me just say if this sign-ripper ever does end up calling Eerie, boy do I feel bad for him. He started on a 5-minute rant, literally without pausing for a breath. The one thing that bothered him more than anything else, was the pain that people suffer from when they are under the control of the YH. The thought that they are alone.

That they are bad.

They are lonely.

HOW can anyone want that pain on their cheshbon. The screaming was literally coming from the depths of his ?????!!

After about a 5 minute rant, in which I was seriously getting concerned for his health( don't forget Eerie called me for his blood pressure medication) I somehow found a millisecond of a pause, where I was able to get a word in, and I slammed on the brakes. "Eerie relax its just a test -its amevakesh".....

Talk about whiplash! 60-0 in 0.3 seconds.

Then eerie hung up on me in a fit of rage.

Guys if I disappear there is a good chance that eerie had something to do .....

Hold on, I think hear something. Someone is fiddling with my door

HEEEELLPPPPPPPPP!!!

How are you doing, my dear friend?

Dear friend, we haven't heard from you for a few minutes... have you already jumped ship after just barely sharing your story?

My friend, it would be the best idea for you to call some of the great people here like right now to make sure you are not up to no good...HHM would be a great start! Or.... me. I just pm'd you my number! Feel free to reach out (only if you're comfortable, of course...)

In any case, it will do you no good to think you can *possibly* run away, because we can easily figure out your home address based on your IP address, soooooooooo....just sayin'.

Anyway, looking forward to hearing from you!

Oh my gosh thank you so much for reaching out !!

I've Long wanted to meet you in person but I was always worried that that would count as a fall.

I asked Eerie if I can talk to you over the phone but He said only if i put a filter over the ear otherwise its a fall.

My IP address is currently routed through PY's IP address in Burma so before you pop in on him you should make sure he puts up some water for a nice glezel tay.

My dear red friend,

Isn't this why you joined GYE? You have a full cadre of friends who are entirely here for you!

Why don't you let us all know when you want to go and we will come and support you through this difficult meeting? (Who knows, maybe even cordnoy will come out for this one...) Don't worry, eerie signed off on this idea

Meeting me in person is pretty anticlimactic, in more ways than one...

Nevertheless, here's an emotional, heartwarming little ditty in advance of that glorious, glorious day:

*The breeze blew from Hogsmeade to Hogwarts, ever so gently*

*Caught the cloak of Voldemort, it billowed softly*

*Slits for nostrils, tongue like a serpent*

*His followers so loyal and fervent*

*With Dark Magic he tinkered, shattered his soul*

*Horcruxes seven, Love gone, just an empty Hole*

*Cross him not, or from the ceiling you'll be levitating*

*Whilst down below, Nagini salivating*
