The was a 'CRACK'! And he appeared, about 5 feet above the pavement in the littered parking lot, and with a muffled curse he fell, narrowly missing a Tesla.

Twas the third time he had suddenly appeared, when the location had been mentioned in passing. Each time driving swiftly to deliver a much needed hug.

The bearhug was almost harsh. Powerful, infused with genuine caring and concern, tempered with warmth, and with an added touch of patented, good-natured lunacy.

Oh, Chaver,

?? ?????? ?????? ?????

You never fail to inspire. You humbly and dedication to what's right, to getting better, to Emuna and Bitachon. Twas good. (Even though they forgot our orders). Twas, very very good.

Friendship is good, especially with you. Bottoms up means that what seems to be bottom can also be a top, it's intoxicating...

???????? ??? ??? ????????

?????

The hug had me floating.

Hope to stay in the air this time.

I guess YKW really got you this time...

I just have one question: Is it better to be a teacup or to float around everywhere?

We ~~walked~~ stood outside into the misty parking lot instantly connecting like the closest of friends.

Bonding over shared challenges, shared pain, and yes, shared successes and purity.

*Reminiscing of his flight taken like an **Eagle**, I stood spellbound and gained new respect and appreciation*

For one that overcame so much and stands a victor in the great battle, a proud General bearing spoils of war.

*R' **Eagle**, the inspiration and warmth you provided today was priceless! The shteigen, understanding, insight,*

And such friendship, though brand new chronologically, so firm and deep like so many GYE relationships.....

That parting hug, silently expressing so much without any words,

Expressing support,

Expressing relief,

Expressing understanding,

Expressing love,

Expressing friendship,

Expressing connection,

Expressing aliya,

Expressing respect,

Expressing hope,

*Expressing the power of **GYE**, the power of harnessing friendship to get ?????? ?????? ??????
??.....*

With brotherly love, and lehitraot!!

Muttel

Changed some words - to reflect my experience!

Chol Hamoed Pesach.

A year and a half ago.

The day I restarted my count.

Today is day 500. That's 500 (!!) days without watching porn or masturbating. When I fell then, it was also after a decently long streak of being out of the gutters. Yet right now I feel much more confident and comfortable about myself. Much has changed between my most recent fall and the one that was the time before that. When I was clean previously, at least partially it was because I was white-knuckling through some urges. All I needed was one giant nuclear powered urge to come after a very stressful few days full of nuclear powered urges, and the YH stamped on my fingers as I was hanging onto the cliff edge. Which equaled a very ungraceful tumble down into the rocky abyss.

But I have something now that I didn't have then. You see, although I had opened a GYE account when my wife first caught me, I didn't really do much with it, besides read and read and read. Possibly that is what helped me white knuckle for such a long time , but it was far from being enough. So I fell.

But then I got active and I started posting, talking on the phone and meeting some truly special people. People that have held my hand through some trying times. People that are holding my hand right now through some pretty trying times. And I know how much they really care.

So you'll ask, what's the difference now and then?

Between fall and fall?

Now I harnessed the power of GYE, The friends of GYE ,to help me become the person I want to be.
