The mashgiachs looking down at his talmid the ahltemirrer stay strong he whispers, remember my shmoozin the yirah you got from it. Let it hold you in good stead.....

It's funny, my friends father told me that he once went into a barber shop owned by froyeh (althemirrer) yid in chicago, and the barber said he's not moichel reb yeruchem because every time that he does an aveira he can't even enjoy it since he automatically pictures reb yeruchem in front of him giving a shmuz.....

mamish almost like yosef hatzadik, ruh d'mus..... only difference? yosef hatzadik ran without cheshboinos! and look how different they ended up.

Bh things are doing alot better now and i'm in alot better head space..... i will discuss it reb _____ but i really think that this wasn't a fall for me for many reasons..... there was no p or m, and she's the one that initiated..... and i bh prob. spent tops 10 min. engaging with texts..... which is deff. not ok but still alot better then the past..... whatever hard to explain....., but over all i wasn't in the best head space for the whole day, even before this episode..... so i really shouldv'e tackled that right away..... i think i even know the reason y i was feeling down..... sorry for all the vagueness, but i'm tired and only posting what i find beneficial, either way doing alot better now! thank you you know who!

so for now i'm gonna say still going and at 55! (will update if needed, hopefully not!) hatzlocha from the mir!

This is excellent stuff.

it's probably worthwhile to analyse and seek to understand what was going on inside of you before the story: whatever it was that got you down and made you vulnerable, and in "the wrong head space". ...

Not to share with us, but in order to understand for **yourself**. Understanding where the vulnerability comes from- the need or sensitivity that can make part of us look to go seeking.... such a realization can be so valuable and important.

??? ????? ?????? ?? ???

?.?.

The Klal you are seeking is often built on dealing with the Prattim, even though being an Ish Klal is far greater than the sum of its Prattiousdika parts, ?????? ????

Just saying.... i thought i sent her flying..... she flew back..... i literally got a text 2 min. ago..... i am ignoring it, bh i am in a better place today...., wish there was a way to block texts....., but honestly if i would never have responded then it would of ended yesterday!! either way, i am doing good! and r' chaim u bring up basic great and important stuff again! parts of me wants to ignore that i was having a hard day..... but deep down i know that i have to confront it, got no other choice here.... hatzlocha! and p.s. the ?.?. was greatly appreciated!

It's quite interesting..... just amusing..... i last posted about my day yesterday..... and how bh i came to a better place....., and next thing i know i'm told i'm in the beis hakvaros.... in a different world of zohars and stuff, had to double check that this was my thread..... even red posted!

Either way i actually even took CO's advice (and the advice of my dear chaver) and ol kol ponim made it a point that hopefully from now on when i am in a bad head space... which could happen to anyone some days... i should let my dear chaver know about that asap....., hopefully that can help, and i hope to be on the look out to see how common this happens....

Hatzlocha from the mir! day 56!
