@Muttel

@Stopsurvivingstartliving

Please see my posts here.............

I Am chancy2.0 As in Gandalf the White (I dont read JUST Harry Potter)

I had to delete my account, because someone from my past remembered that i use Chancy as a Pen-Name and i stupidly thought that by deleting my old account, i can delete all mentions of Chancy, but alas that didnt even work! So im stuck with this new account that has no access to anything....................................

This is actually a good grouch, where to put this?
