i just joined GYE during bein hazmanim and i'm very impressed. i learn in eretz yisroel and i don't have interenet connection there. i am very nervous i may need the help of GYE but i won't be able to access it? what do i do? i don't want friends knowing so i can't borrow their devices?

To the heilige GYE mechanchim/askanim, is there a way to set up a discreet "internet cafe" for GYE access only in EY? Just putting the idea out there.
