

Hi, this is Snax

Hi Everyone!

I haven't visited this forum in over a year as my surroundings don't allow it. Today I couldn't control myself and when no one was around I gave a sneak at the forum. Thanks G-D for this forum so when there is no one around I sneak here and not other places.

Boruch Hashem this island has grown into a huge continent.

Privileged are all of you who are part of this chabura – group. I hope one day to be back and give and get the much needed chizuk in these turbulent times. I still read many of your posts in the chizuk emails. Keep up the great work.

Be strong – stay strong – and don't forget, if you fall you're still strong.

When I read this forum I feel like Noach in the Taiva. Surrounded by all the shmootz on the web there is a little Taiva where yidden from all over the globe can come and hide and get the much needed chizzuk. Let us all choose this heilige Taiva and not Chas Vesholom the Teiva. Yidden if you haven't joined or if you fell out, join us now. The doors are open! The Mabul is almost over, Moshiach is on his way!

This is the box that moshe rabbeinu was in when he was born. Rashi says that Hashem was inside with him! The whole room filled with light when it was opened!
