Dear Laagvokeles,

Welcome to our community! Once you've arrived, there's no turning back. Everyone here will just grab a hold of you and pull you up, up, up!

Scientific studies have shown that it takes 90 days to change a neural thought pattern that was ingrained in the brain through addictive behaviors. Did you join the [90 day chart](#) on-line? Sign up [over here](#).

Make sure to install a strong filter. It will be almost impossible to break free of this while having playing music, composing poetry, drawing/painting, POSTING ON GYE

all the garbage within a mouse click away. See [this page](#) for one good filter option, along with instructions on how to install it best – and give away the password to our "filter Gabai"... See [this page](#) for another 20 (or so) filter ideas and information...

And that is why we created the GYE handbooks (links below). If you read them well, from beginning to end, slowly, and try to implement what you read, you will find the answers within them to enable you to completely turn your life around. **You're worth it.**

Also, join the [daily Chizuk e-mail lists](#) to get fresh chizuk every day, and post away on this forum. You will get tons of daily Chizuk and support. This disease can't be beat alone. It works best when you get out of isolation!

We get cries for help every day, by e-mail and on the forum. *Tzuras Rabim Chatzi Nechama*

GuardYourEyes also offers various free anonymous phone conferences, where you can join a group of other from Yidden, along with an experienced sponsor. See [this page](#) for four different options. Our conferences are taking place daily, throughout the week... This would be a tremendous step in the right direction for you and help you learn freedom from this addiction. Not only will you learn the secret of the 12-Steps – which is known to be the world's most powerful program for beating addiction having helped millions world wide, but joining the group will be another way of GETTING OUT OF ISOLATION and connecting with others who are going through what you are.

Let me tell you a little about the two GuardYourEyes handbooks. They lay down the cornerstone and foundation of our work, and they make our network much more effective and helpful for people.

You see, until now, people would often get "lost" when coming to our website, not knowing what tips and techniques to try. For example, a beginner wouldn't jump straight into therapy or 12-Step groups, while on the other hand, someone whose addiction was more advanced wouldn't be helped by the standard tips of "making fences" putting in "filters" etc... So it was essential to develop a handbook which details all the techniques and tools to dealing with this addiction in progressive order. Now with these handbooks, anyone can read through and see what steps they've tried already, and if those steps haven't worked, they can continue on through the handbook where the steps become progressively more powerful and "addiction-oriented".

And the second handbook, called the "Attitude" handbook, can also help anyone, no matter what level of addiction they may have. Often people write in to us saying that had they only known the proper outlook & attitude that we try and share on the GuardYourEyes network when they were younger, they would have never fallen into an addiction in the first place! So we hope that through this handbook, many addictions will be prevented.

The handbooks are PDF files, set up as eBooks, and they have bookmarks and hyper-links in the Index, to make them easy to navigate.

Note: You might want to print them out to read away from the computer. Keep in mind though, that if you do this, you won't be able to click on the many web links in the articles. But you can always come back to them later. The truth is, it's anyway good to go through the whole handbook once without clicking on links, just to get an overview of all the tools available. Once you did that, you can start again from tool #1 and read each tool through more carefully, click the links and study each technique and assess whether you have tried it fully yet or not...

Right click on the links below and select "Save Link/Target As" to download the handbooks to your computer.

1) [The GuardYourEyes Handbook](#)

This Handbook details 18 suggested tools and techniques, in progressive order, beginning with the most basic and fundamental approaches to dealing with this addiction, and continuing down through increasingly earnest and powerful methods. For the first time, we can gauge our level of addiction and find the appropriate tools for our particular situation. And no matter what level our addiction may have advanced to, we will be able to find the right tools to break free in this handbook!

2) [The GuardYourEyes Attitude](#)

The Attitude Handbook details 30 basic principles to help us maintain the proper attitude and perspective on this struggle. Here are some examples: Understanding what we are up against, what it is that Hashem wants from us, how we can use this struggle for tremendous growth, how we can deal with bad thoughts, discovering how to redirect the power of our souls,

understanding that every little bit counts, learning how to bounce back up after a fall, and so on and so forth...

May Hashem be with you!

I simply dont understand, how somebody who has been exposed to porn can really get rid of it "leolmei oilomim" forever.

The same way you get your "lust" attack, you also get your "tshuva" attack.... and then you learn musar every day and in the street you dont pick up your eyes not to see more then dalet amot.... and you daven please go?d hlep me against the yetzer hara, and you go to the mikve to help kedusha be the boss over you.... AND THEN.... ill let your imagination tell you what hapens.... a yeride.... a lust attack....!

I mean come on we see in the nuser sform how hard it is to really change even a bad mide, that it can be a life work! and the internet isnt a life work?! once you got expsed, i think we can only daven! there is no metzius al pi derech hateva!

And if we frum jews would have really exiting stuff like frum television for our free time with lots
i think it would help! cause one of the reasons why many of us get exposed to porn
or to bad thoughts its because we are bored!

Give us some kosher "good time", and with a lot of davening maybe we will manage

cause otherwise it looks like we wiil go up and down up and down depending on our moods
and we will be a laagvokeles

do not view this as yetzer hara. it is a form of yetzer hara that is not korov to the ones spoken of in mussar sefarim.

this is an addiction. read about them medically.

yes you will always lust and learning how to react and how to have the feeling and not act out...this takes time allot of work and tears and fighting.

yes is true, we all before finding forum acted out, davened said never again then...but now we are learning the way. it is not through teshuva like how teshuva is normally. i am sure you realize, you need a different derech with this yetzer, nu?

by the way, what language are you used to?

first of all thank you for talking to me.

im used to talk in yidish

bekesher to what you said that this is an adiction:

well, hashem dos not send a nisoion we cant fight....

besides think about fighting a bad mide like gelousy.... that we all have a chiuiv to fight it, and im not sure that to really break that mide is any easier than to brake this porn atacks.... and still we have a chiuiv...

I still think that in the world we live in rule number one is not to ever ever get exposed.

rule numbre 2 always be ocupied, and if you are not working and not learning, (i think i t) how can you be ocupied?

im speacking out of a broken hard i really think we need a miracle

yes HaShem does not send an addiction we cannot fight.

but sometimes you must use different weapons. it's not always the same.

if you want to feel 'no this is a normal nisayon i can win with davening and tears' you would sound silly since obviously it's not working, ubt if you want go ahead and knock your head against a brick wall lol.

not every nisayon is the same. The Ribono Shel Olom has put tools in this world so that we should use them in our growth and serving Him.

this forum will help you grow, will teach you how to fight your Nisayon so that you are not always crying 'never again' and then not listening to yourself.

i did not say don't fight nisyonos. i said FIGHT DIFFERENTLY for this one.

your rules you wrote work very well. and yes we need miracles. this is what i davened for one day from a broken broken heart and then that night i found this place. this place is my miracle.

who told u yidden don't have fun? you think the only fun in this world is not-kosher?

my whole day i am having fun. i talk to my good friends we tease each other, i take a walk and enjoy all the sites, i make myself a cup of hot chocolate and put in too many marshmallows. i go fishing, i go rock climbing, i laugh a lot, i read calvin and hobbes cartoon books, i talk to strangers and find out about their lives, i get together with friends for basketball.

a yid is allowed to take a break to let off steam - if you are not allowing yourself this is silly you see what happens you force yourself to learn for so long for so many hours and then BAM you let of steam in the WORST POSSIBLE WAY.

maybe you need more breaks. maybe you need to be easier on yourself.

why is the only fun in this world not kosher in your mind? i do not understand.

i think it is not the truth. yidden have a wonderful life. yidden have cholent and potato kugle and a warm community of people who love them.

i think the problem is that you feel there is no fun in yiddishkeit because something is wrong with where/how you were taught - a yid's only mission in life is to learn torah? nu such is not the case, there is chessed SUCH SIMCHA WE GET FROM CHESSED and there is so much more there is Shabbos and Yom Tov and your nephew's upsherin.

it is the attitude from you that is the problem. there is plenty in this oilom aside from beaches and movies and clubs.
