you already had your own first good idea - you came here! you want to really know a SECOND good idea! ah, now THAT'S a good question - the road is open, once you came here there are many, many roads for you to take.they will be bumpy.recovery from this is not going to be easy.it will have disappointments.but that's part of the process. dont let the disappointments make you feel like there's no hope - we all start that way.and remember - you dont have to do recovery on your own!

firstly, welcome

secondly, wherever we go, our lust-filled mind goes with it. movin' will not help. you need to

work on a different mindset. that is why we are all here.
