

hatzlocha to all

Posted by Hashem Help Me - 28 Dec 2016 15:17

Hi everyone A freilichen and lichtigen Chanuka GYE has saved me! I was completely out of control and bli ayin hora that's history! I suggest everyone get a sponsor and also sign up for the 90 day chart The accountability along with the very strong feeling of not being in this alone is very powerful The brilliance of GYE is that we take the downside of the internet - the anonymity - and use it for our benefit Wishing everyone much hatzlocha in our present day war against Yavan - Western culture in its basest form

Love the enthusiasm. You are a true light to the Jewish people, especially I'm sure to those who know you personally. Amazing advice.

Hope you keep that Simcha and it will reach all of the aspects of your life and Judaism (ivdi es Hashem **Besimcha**), May Hashem return to you the Hatzlacha and merit you give to the entire Jewish people.
