hey, Momo - you'll be the only drummer in the world who *isn't* egotistical!

I wonder what would happen if you moved the mike a bit further away - that might make the sound quality even better, because it wouldn't get overloaded as easily...

Did Guard really call in? How did I miss that? At what point did that happen?

OK, it starts at about 22:40. You don't actually hear the Heiliger Guard.

Uri, I was talking on general principles. And anyway, I'll always think of you as a guitarist (at least, until I actually see you play drums!)

IT25 - have you tried it out? might be a good idea to try it out and see what the difference is...
