

Parenthesis

Posted by Trouble - 10 Oct 2019 14:24

so, I said the parenthesis in zakkah yesterday - several times. the first time, before yk actually started, I was a bit distracted and I skipped over it. heck, I never actually "did it." I mean, it was there for the taking, but for some reason I held back. I even told her about those damned parenthesis! she understood. but then once yk got rolling, and I had the opportunity to say it several more times, I actually said those words. I told God and myself that it really made little difference. yes, the frummies and the midrash quoters will spew that stuff about actual cohabitation with an idolatress, a gentile woman! and even one who is not your actual partner. I am actually reminded now that she was in fact Jewish, a bas mitzvah, and all. got called to the Torah, wow! but I reasoned that this justification crap was going too far. you think my wife would go for the technicality that there wasn't penetration!? bottom line, I was too close for comfort, I mean it was comfortable and more, but it's not a position I wanna be found in. I certainly don't wanna be caught that way, but besides that, I'd rather not even entertain that possibility, although I actually found those thoughts slipping in several times throughout the day. am I being clear? I hope so.

I'd like to make a second half post to this and that will be about the zakkah in general. why all the women, Keri, etc. talk? but I'm running outta time now. sorry for the non-capitalization. my notes app doesn't do that for some reason.

just for fun:

does anyone here know how to make a poll?

heres the question:

throughout our history, mz"l by frum jews has been...

1.Rampant

2. Not Rampant

3. dont know either way and will assume not rampant

4. dont know either way and will assume rampant

5. dont know either way and am not assuming anything.

this wont affect my opinion, im just curious and just for fun.

can someone set this up, please?

thanks.

Thank you. I appreciate the question and the concern. I like clarity and organization, so can I ask you please to ask this question in the Patty Smyth warrior thread. This perhaps will help others there as well (I am beyond hope), especially because there were fellows who closed down this thread. Thank you

lol.

but ugh.....have a hard time swallowing the comparison.

o' course do as you please this was only intended for those that really want it over (assuming that the substance is over, whether it ended a while ago or not) and dont have a way of ending it.

dov once told me he ends conversations with a smiley face. i didnt relate to that but i tried this one.

the one who closed the thread seems to have left a door open,but no one is forced to respond to what they dont want to
