

GYE is critically important

Hey everyone,

I was privileged to get onto a zoom call today with one of the people working behind the scenes at GYE, i was blown away by the numbers! Both the amount of active users that are coming on to this site every day and even more by the amount of people they could be reaching that need their help!

There are so many more people that need to be reached, so many Rabanim that need to be educated, so many therapists that need to be informed about GYE! So many lives are being ruined by not knowing about this site.

So I decided to raise a bit of awareness. Nobody asked me to, im not involved there at all, i wish i was but mi not, I just care alot about this and im sure lots of people here feel the same way. So here goes my Shpiel.

As members of this incredible community- Guard Your Eyes (GYE) we know what their mission statement is, to help frum yiden fight against the torrent of shmutz that the YH is throwing at us.

The work that GYE does is incredibly important, and it plays a vital role in helping people lead healthier, happier lives. From providing counseling and support to those struggling with addiction, to offering resources and guidance for parents, educators, and community leaders, GYE is making a real difference in the world.

But here's the thing - GYE can't do it alone. They need our help. They need us to show that we care about the work they are doing, and that we recognize just how important it is. So today, I'm asking you to join me in supporting GYE. Whether it's through a donation (no matter how small), volunteering your time, or simply spreading the word about their work, every little bit helps.

Let's show GYE that we care - not just about their organization, but about the countless lives they are saving and improving every single day. Together, we can make a difference.

We need to come up with a plan to make sure GYE stays afloat and has a steady flow on income. There are so many people on here, even if only a small percent gives a few dollars a month it will be lifesaving!

Sincerely

Chancy

Raise awareness.

As is said in my post, if everyone will just give a few dollars a month, we can give GYE the help it needs to keep helping yiden across the globe.
