Navigating the ocean of my life

Posted by amevakesh - 17 Apr 2024 10:21

For the past 267 days, there have been sunny skies, calm winds, the boat's been steady, with nary a thought to the pirates that lurk beyond the horizon.

However, clouds are gathering, waves are getting choppiier, and worst of all, a cry from the barrelman in the crow nest, "Pirates ahead"!!! I've been warned.

As they get closer, thoughts are swirling through my mind. I hear their evil whisperings in my head. "You thought you were off our radar, not so fast." Will they succeed in overtaking the ship I've put so much effort in constructing?

They're faster, sneakier, and more cunning then I, and I know that once they come too close, I'm doomed. But, I have an itch that needs to be scratched, a void that has to be filled, and I'm having a difficult time doing so.

But one thing I've learned here at GYE. There's safety in numbers. So I'm sending out a call to my fellow mates, can anyone help me out in how to overcome these Bein Hazmanim pirates?

A few months ago, during a conversation with HHM, he told me a priceless Vort on this weeks ??? that speaks to the struggle. I think that it's a ??? to share so here goes.

The ??? in this weeks ??? says when ????? and ??? traveled to ?????, he told her ??? ?
????? ?? ??? ??? ????? ?. Rashi is bothered, why does it say ??? ?? which implies that he only
realized that she was pretty now. ???" gives 3 answers. The first one is, ?? ?????? ?? ????? ??
???? ??????? ????????, ??????? ????? ?? ?" ????? .

????? ???? explains that from here we see that ????? never looked at ??? up until that point. Astounding!

Some ???????? ask on ?????? ?????, isn't there a ????? that ????? ????? ????? ??? ?? ???????? Various answers are given in the ????????. Some say that if the whole problem is that she won't be pleasing to the husband, then ?????? knew that for him it wouldn't make a difference. Others say that he really did know what she looked like, it's just that he never gazed at her, hence the ????? of ?? ????? ???. Others say that until now he only saw her face, but now he saw her thigh.

????? HHM in the name of someone I forgot, that the ????? ??????? relates, that as they approached the gates of ??????, they passed by a body of water, and ?????? saw ???'s reflection shining like the sun, he saw her beauty and he realized that he had a problem on his hands. Of course ?????? knew what she looked like, perhaps he even gazed at her (this wouldn't fit with ?????? ?????). But until that moment when he looked at her, he saw "HER" - her essence, the radiance of her ????? which shone forth so brightly it eclipsed any physicality one could possibly attribute to her. However, when he saw her reflection in the water, all he saw was her image, because he wasn't looking at ??? herself. Suddenly, he realized that it might be possible for lowly people to see her through a lens of desire for the physical beauty, that when he realized the problem. The lesson is self evident. Good Shabbos!

Thank you for sharing this beautiful vort! When I met HHM (also a few months ago), he told me this vort too. At the time, I told him about an interesting phenomenon I'd noticed which shtimmed very nicely with this. There's an eitzah that I saw in a sefer I have on ?????? ?????? called ??? ?????, which **sometimes** works for me. Remind yourself that the shiktzah you're stealing looks at, the body that you're lusting after, is a body made of ?????????? ??? ?????????? ???

Not gonna lie. Been slipping in some of the ????? that I've set up for myself. Two of my weaknesses are sports and politics. The World Series and the elections didn't help things out. My recreational use of internet has gone way up, and the content of what I'm watching is slowly changing, not for the better. It hasn't descended in to any lust, and I don't think it will, but I don't want to take any chances. It has to stop now. So I'm making a ????? ????? on the forums that at least until Chanukah there will be no recreational use of internet (besides for GYE of course). This includes news, sports, politics. Hopefully, this will help me reestablish the fences that have held me strong until now.

Question for the Chashuve Oilam. We know, that ????? has the power to alter certain decrees. We also know that sometimes '?' has a plan for a person to struggle with something for the duration of his stay on this world (likely for his benefit), which no amount of ????? will change. When one has been Davening for something for a while to happen, at what point is he meant to accept it as part of '?'s plan and make peace with it. Davening repeatedly for something can be very very draining. I am aware that no ????? goes to waste, but if I come to accept a situation beyond my control as part of '?'s master plan of my life, it would bring a certain level of peace. But I can only do so if I give up hope that it will get better. Paradoxically, the hope itself is a source of frustration, because I find that as time goes on and I try yet another ???, and offer another ????? only to have my hopes dashed time and again (I know that '?' has my real best interests in mind, that's not the question), it chips away at my resolve and ability to accept it with joy as '?'s plan for my life. At which point, if any, does one say I've Davened enough, it's time to move on and deal with it as a fact of life, and make the best of the situation. Looking for clarity.

I heard a vort that if ????? wouldn't be a mitzvah it would be ????? ??? to be mispalel, because if hashem made someone sick how can you pray for him to get healthy, hashem made him sick so it's for his benefit,

hashem want a relationship with us and that comes through dialog,

Imagine your wife just always agrees with you, is doing what ever you want, never has her own opinion, goes wherever you wanna go eats whatever you wanna eat wears whatever you wanna wear, never want something different, (I know ppl will think that this is great) it isn't a relationship because there is only one mind, its a friendship with yourself, and just another body involved,

And hashem want a relationship with us not just i say you do and that why he gave us ?????, and ?????

This is all very beautiful, but what do you do when you feel like the dialogue is only flowing one way? Like you're not being heard, seen or understood? What then? What does it say about the relationship in question? Is there even a relationship at that point? Is it that we send our words Upstairs and every time it's just spin at the roulette on whether or not the message will be responded to?

And, to circle back to amevakesh's original question, when I'm in a dialogue with my wife, I know when to back off. At a certain point, I know that no matter how much I beg and plead, the answer is no. Because I can gauge her reactions. But with Hashem, how or when do we interpret the Reaction? What's the secret code to deciphering Hahem's Whispers back to us?

I would love to know the answer to this one. Because if I would get similar feedback from my wife, that relationship would be over.

First of all you are always heard and. Answered the answer is just sometimes no or let's wait a bit more,

when asking something from human being, no matter how much that person loves you and means the best for you, there will always be there needs involved in the answer, unlike when you ask something from hashem the answer will only be what's best for you, and if you don't feel it or don't understand just ask and keep on asking till you satisfied (alot of time he'll give you

what you asked and alot of times hell give you ??? to understand the why, and sometimes he'll push it of more) hashem doesn't have a problem with it, and alot of times you just have to accept and keep on praying because that's your duty,

Our relationship with hashems is not husband and wife relationship, it's father and son, and I believe that from your you begged more than your wife

I feared that this is what it all boils down to.
