

#6, Finding Alternative Fulfillment

Hello Everyone,

It is interesting to note, the one tool... perhaps the most important tool by Rabbi Twerski in his Hamodia article quoting HaRav Moshe, #6, directly introducing kedusha into ones life is perhaps the tool least mentioned to be utilized in the forum.

Many have said while although Torah floats their boat, they still sink. Nonetheless, given the multiplicity of avenues to kedusha I would like to fairly interject...

that maybe it is specifically the neglect of #6 that led me to this state.

mekubal.
