I read all 17 pages in the last couple days. Thanks for the cute story Barditchev! It has a great message too! So far as a mainstream magazine running anything even remotely similar, I think we ought to wait for hell to freeze over, thaw, and then freeze over again. It's a miracle that the mainstream magazines finally acknowledged the sexual abuse issues in the community, but those are just few nutty individuals (right?). It's not possible that a large percentage of our population has problems with sexual addiction! Frum Jews don't do such things unless they have big Yetzer Horas and can't control their taavos, so it's only a couple people who actually do such things.

I guess it wouldn't be appropriate to hope Harry has a relapse, just so we can continue reading the story?

But really, how many people beat this addiction the first time trying (then a gain, most don't get, caught, arrested & beat up the first time either).
GYE found him

Seriously . Now he's supposed to find gye and hear all those wonderful things like 'fell shmell' and 'keep trucking' from bardichev, that will keep him going..Otherwise, how will he make it? ???

Thanks Reb B for the great story!

- *"The GYE forum series of the century"* - New York Times

- *"Fear Gripping and inspirational"* - Sunday Post

- *"Where can I get a blackberry?"* - MoishTheAddict

BTW. When will we get an edited version, with side notes to explain the lessons? E.L Gabai promised we would...

If it's good, I'll turn it into a PDF e-book and make it downloadable from our site!

We all know that there's no such thing as living "happily ever after." So, Harry's addiction did not simply evaporate - he found GYE, entered a 12-step program, and is undergoing therapy.
