Rage, the funny thing is that songs end and die. Life renews itself and bubble through all the cr**. Aren't you proof enough of that? - keep on moving, and funny how life can end up being nothing we dreamed of and everything we ever wanted and needed but were too stupid to get it at the time. That's Bitachon - that someone, if we are honest and real, eventually the dots connect themselves. Eventually we realize we made all our decisions like a bonehead but since ultimately we never made them it doesn't matter. Keep on raging.

That poem really sums up Bard's story - and so many other people's unfortunate stories...

I'm confused. Cry2Tatty = Rage AT Machine? That guy definitely had his head screwed on
(). Hope he comes back, if i remember correctly he had
some really insightful thoughts - some great posts . Although now I can't seem to find them so I
might be imagining all of that...

blew me away with that reference. That is not a piece of knowledge I was expecting to see here
- that's for hard-core music junkies like me. (Yes, another addiction I can't break) You are an
adom gadol - you are too cool to stay hiding in the corner!

Rage Against The Machine is the same cry2tatty. Hard to hide his style

Good point. Either he finds GYE, or gets killed in a shootout. There's no middle ground for this guy - he's causing too much suffering!
