

What should I do ?

Posted by erfanakbari1 - 28 Oct 2019 11:18

I'm an 18 year old boy who's been clean for nearly 200 days without any masturbation . It's been a long time since I'm under so much pressure , I have never had sex with anybody in my life but nowadays because I don't do masturbation , my sexual needs are on the line so that I'm very excited to experience having sex with a girl in my life before marriage . But I don't know what should I do and how to fulfill my sexual needs and relief stress from my life .

please help me .
