

HOW DID YOU FIND OUT ABOUT GYE? - (oh, and Where are you from?)

Posted by the.guard - 15 Dec 2009 12:05

I think it would be very enlightening for us to know HOW you found out about us.

- Was it an on-line ad? If so, where?
- Was it a printed ad? What mag/newspaper?
- Was it an article about us? Where?
- A flyer someone hung up somewhere?
- Did you find it on Google by chance?

- Word of mouth?
- Therapist?
- Mashgiach?
- etc...

And if you are not too afraid of anonymity issues, it would also be nice to know WHERE you live... So for example, if people could post on this thread something like this:

"Where What When" magazine - Baltimore

- Did you find it on Google while looking for **bad stuff**?
or something like that.

Thanks guys!

saw the link posted at jewishsexuality.org

I am from NY.

The video that was posted on that site (since taken down, but can be found here: video.google.com/videoplay?docid=-7332930594849349840&hl=en#) and reading this site have helped me start changing my life. It has only been 2 weeks, but I am really, really happy.

Was researching filter software on google. I had seen a lot of evangelical Christian sites about this issue, but that made me think there must be a Jewish site for that too. So I started googling for that and found GYE.

I live on the East Coast. Oops, is that too specific?

Sorry bro, you just gave yourself away. We now know who you are and are currently updating your shidduch resume.

A choshuva rav in Brooklyn who knows about my nisyonos referred me to GUARD YOUR EYES.

Later received info that a Chasidishe Rov in Yerushalayim supplied a yungerman with the url to this site.

P.S. Doesn't a vaccine contain a bit of the disease it is fighting against. GYE addiction fights other addictions!

Not that I know almost anything about the Eldah, but If R SHterbuch is the only english speaker among them....that would be amazing. R Shterbuch writing a usl for an SA site!!! HA HA HA Awsome!!!! but for all I know it could ahve been another dayan or mashgiach who won't melt you with his gaze. R Shternbuch's eyes are so powerfully scary!

It was one of the chasidishe Rabonim. (I have this info firsthand..)

I prefer not to give his name on the forum.

coooooool

I wonder who made himself the karban to mention us? Mybe the administrater for the hebrew forum?

Anyway....coooooooooooooo! 8)

WHich brings me to beleive that the ideal target audience for our advertisements should be rabbanim and mechanchim. Untill we have a parve equivilant of GYE, they will serve as the greatest refferal service for this program, in addition to preventing the issue by demanding their kehila install monitoring software on their computers!

I did!

I've been talking to him about my nisyonos for years with various results. When a Rav in NY referred to this website, I told the Rav in Yerushalayim about it so that others who ask him for help can be helped too.

So now i also have a small part in their zchus...

Wow now that is a bold move! Kol hakavod to you YH!! And a zechus, it most definitely is!

He told me that a Rov needs to know a lot in order for him to serve everybody.

He asked me if there is a Hebrew version too. I didn't know about the Hebrew section on this forum yet, I only gave him the phone number to the hotline in Eretz Yisrael.

Maybe put him and Guard in touch with eachother. This way Guard can try and get a haskama. Then your zchusim will multiply tenfold!
