

7Up, ice cream and sushi

I have a problem, and am hoping for suggestions on how to deal with it.

BH the forum has grown tremendously recently. Not only are there so many new members, but also a lot of posting activity.

Heres my problemo: In general, I try respond to most threads. But this is becoming harder and harder to do, and I just dont seem able to 'get there'.

Dont get me wrong; its not that I think anyone will pine away due to lack of 7up attention ch'v - my ego isnt that large yet!

But I do occasionally get emails or PMs asking me if Im ignoring them for a reason, or hinting broadly that they would appreciate a 'visit'.

Suggestions anyone?

The only thing I could come up with is starting a thread (where?) and whomever feels they 'need' a mom, or someone (me) to just write something totally useless and irrelavent on their thread can post a "heads up" and I'll stop by for coffee!

The same goes the other way; anyone not interested in my puny opinion or smily icon can tell me there too!

Thanks

7up

Seriously, now!

It's not like I haven't been here to see what was going on, but, yeah, it's been quiet.

Well, I guess just like you'd like for us to post here when we want a hello,

you can post when you want one as well.

As you can tell, we are here to give it!

So, HELLO!! (That should scare them spiders away.)

And thanks for refreshing the supply of 7Up, ice cream, and sushi,

I was getting hungry...

**HELLO**

If my toddler-hood memory serves me right... :o

I think the song says that

"Out came the sun and dried up all the rain

And the itsy bitsy spider went up the spout again"

Seemingly spiders go along with the sun....

Feel the Sun... 8) 8) 8)

I once heard talk radio discussing a proposal to separate girls and boys in public school into two different buildings, so the kids would concentrate more on studies. Crazy thought, huh...  
*EEEEWWWW*

Anyway, one woman called in and asked what would they do if they found a bug in the girl's school? Would the principal of the girl's school be forced to ask the principal of the boy's school to send over someone to squash the spider?

I recall that ended the discussion...

Anyway, this is the makom for ice cream and sushi, not kurds and whey.
