

7Up, ice cream and sushi

Posted by 7yipol - 31 Dec 2009 19:28

I have a problem, and am hoping for suggestions on how to deal with it.

BH the forum has grown tremendously recently. Not only are there so many new members, but also a lot of posting activity.

Heres my problemo: In general, I try respond to most threads. But this is becoming harder and harder to do, and I just dont seem able to 'get there'.

Dont get me wrong; its not that I think anyone will pine away due to lack of 7up attention ch'v - my ego isnt that large yet!

But I do occasionally get emails or PMs asking me if Im ignoring them for a reason, or hinting broadly that they would appreciate a 'visit'.

Suggestions anyone?

The only thing I could come up with is starting a thread (where?) and whomever feels they 'need' a mom, or someone (me) to just write something totally useless and irrelavent on their thread can post a "heads up" and I'll stop by for coffee!

The same goes the other way; anyone not interested in my puny opinion or smily icon can tell me there too!

Thanks

7up

It reminds me of the famous joke Israeli chasson teachers share with their chassonim:

There are 2 main important issues a new husband has to learn about his wife:

~~Im confused: what did the Kurds do to you anyway?~~
1) When she washes the floor, NEVER, EVER step on it until its dry.

2) It is your job to kill any and every bug regardless of size, color or species.

Now the question is what to do if she discovers a bug, needs you to kill it, but it happens to be on the wet floor she just washed?

.....

Yaharog v'al ya'avor!

You forgot to add, you dont see the bug till SHABBOS, and the floor's still wet.

Oh, and the KURDS joke is WHEY over my head....
