For a change, it's not Hungarian...

It's a very simple forum abbreviation from the variety of BTW, LOL, IMHO, ROFL etc.

Old freind needs a new avatar, the koala is cute, but it doesn't show "the real me"

how about a little kid covering his eyes by shma? [remember my old name]

Or a real chooooooosid setting up the mechitza in meya shearim sukkos time? [remember when i did that]

Or or or..... or you guys recommend one for me?
