

The simcha squad

Posted by StoppingForever - 28 Nov 2011 05:10

Picture this..

Its Sunday night, you're home alone, sitting in front of the computer, about to slip! "Oy, what do I do you cry, I cannot resist"...

Suddenly, a flash.. You remember the flyer you saw the other day.. It's the simcha squad.

You take the phone.. Dial 800-simchasquad.. All you say is "emergency at 123 nisayon street.." within minutes they arrive, not one, not two, twenty of them.. Boom boxes in hand, they burst through your front door, grab you, draw you into this most amazing ance, you dance, and dance, until you collapse.

The squad leaves and you are high, your serotonin levels have peaked.. your impulse was crushed, and you head to bed for a peaceful nights sleep..

Would make a neat Purim video.. ;D
