Also, it doesn't say he needs to ask, even if he just sticks out his hand, he is given. But he needs to stick out his hand.

actually when moshe was fighting amalek we see he picked up his hands over his head to point out that fighting amalek we need actions that are hands above our heads that are our minds with actions we overcome him because he is the incorrect mindset the daas de'klipah like the ariz"l explains(seforim hakdoshim)
