Some funny quotes

"Why does Sea World have a seafood restaurant?? I'm halfway through my fish burger and I realize, Oh man....I could be eating a slow learner."

"I'm in no condition to drive...wait! I shouldn't listen to myself, I'm drunk!" -Homer J. Simpson

"I do not like broccoli. And I haven't liked it since I was a little kid and my mother made me eat it. And I'm President of the United States and I'm not going to eat any more broccoli." -George Bush.

"You have to stay in shape. My grandmother, she started walking five miles a day when she was 60. She's 97 today and we don't know where the heck she is."

"The pen is mightier than the sword, and considerably easier to write with."

"Sometimes I lie awake at night, and I ask, 'Where have I gone wrong?' Then a voice says to me, 'This is going to take more than one night.' "

"On my first day in New York a guy asked me if I knew where Central Park was. When I told him I didn't he said, 'Do you mind if I mug you here?'."

A joke

1)A young Jewish man was visiting a psychiatrist, hoping to cure his eating and sleeping disorder. "Every thought I have turns to my mother," he told the psychiatrist. "As soon as I fall asleep and begin to dream, everyone in my dream turns into my mother. I wake up so upset that all I can do is go downstairs and eat a piece of toast."

The psychiatrist replied, "What, just one piece of toast for a big boy like you?"

Verizon, AT&T & Sprint have all asked for the Jewish community to please refrain from texting during mishnas torah because the high traffic can cause the systems to crash.

Why doesn't Tarzan have a beard?

Why is it called lipstick if you can still move your lips?

Why is it that when you're driving and looking for an address, you turn down the volume on the radio?

Why is lemon juice made with artificial flavor, and dishwashing liquid made with real lemons?

Are part-time band leaders semi-conductors?

Can you buy an entire chess set in a pawn-shop?

Did Noah keep his bees in archives?

Do jellyfish get gas from eating jellybeans?

Do pilots take crash-courses?

Do Roman paramedics refer to IV's as "4's"?

Do you think that when they asked George Washington for ID that he just whipped out a quarter?

Have you ever imagined a world without hypothetical situations?

How can there be self-help "groups"?

How do you write zero in Roman numerals?

If a candle factory burns down, does everyone just stand around and sing "Happy Birthday?"

If a jogger runs at the speed of sound, can he still hear his walkman?

If Barbie's so popular, why do you have to buy all her friends?

If blind people wear dark glasses, why don't deaf people wear earmuffs?

If cats and dogs didn't have fur would we still pet them?

If peanut butter cookies are made from peanut butter, then what are Girl Scout cookies made out of?

If space is a vacuum, who changes the bags?

If swimming is good for your shape, then why do the whales look the way they do?

If tin whistles are made out of tin, what do they make fog horns out of?

If white wine goes with fish, do white grapes go with sushi?

If you can't drink and drive, why do bars have parking lots?

If you jog backwards, will you gain weight?

If you take an Oriental person and spin him around several times, does he become disoriented?

Why do the signs that say "Slow Children" have a picture of a running child?

Why do they call it 'chili' if it's hot?

Why do we sing "Take me out to the ball game," when we are already there?

Why is the time of day with the slowest traffic called rush hour?

If man evolved from monkeys and apes, why do we still have monkeys and apes?

If a mute swears, does his mother wash his hands with soap?

If a man is standing in the middle of the forest speaking and there is no woman around to hear him...is he still wrong?

If someone with multiple personalities threatens to kill himself, is it considered a hostage situation?

Is there another word for synonym?

Isn't it a bit unnerving that doctors call what they do "practice?"

Where do forest rangers go to 'get away from it all?'

What do you do when you see an endangered animal eating an endangered plant?

If a parsley farmer is sued, can they garnish his wages?

Would a fly without wings be called a walk?

Why do they lock gas station bathrooms? Are they afraid someone will clean them?

If a turtle doesn't have a shell, is he homeless or naked?

Why don't sheep shrink when it rains?

If the police arrest a mime, do they tell him he has the right to remain silent?

Why do they put Braille on the drive-through bank machines?

How do blind people know when they are done wiping?

Is it true that cannibals don't eat clowns because they taste funny?

What was the best thing before sliced bread?

If one synchronized swimmer drowns, do the rest have to drown too?

If the #2 pencil is the most popular, why is it still #2?

If you ate pasta and antipasta, would you still be hungry?

If you try to fail, and succeed, which have you done?

MORE Demotivators®

MOTIVATION. Psychology tells us that motivation- true, lasting motivation- can only come from within. Common sense tells us it can't be manufactured or productized. So how is it that a multi-billion dollar industry thrives through the sale of motivational commodities and services? Because, in our world of instant gratification, people desperately want to believe that there are simple solutions to complex problems. And when desperation has disposable income, market opportunities abound.

AT [DESPAIR](#), INC., we believe motivational products create unrealistic expectations, raising hopes only to dash them. That's why we created our soul-crushingly depressing Demotivators® designs, so you can skip the delusions that motivational products induce and head straight for the disappointments that follow!

E.L. Kersten, Ph.D.

Founder and COO

VICTORY

Winners never fly higher than when they're bouncing up and down on the egos of those they defeat.

VISION

How can the future be so hard to predict when all of my worst fears keep coming true?

WISHES

When you wish upon a falling star, your dreams can come true. Unless it's really a meteorite hurtling to the Earth which will destroy all life. Then you're pretty much hosed no matter what you wish for. Unless it's death by meteor.

WORTH

Just because you're necessary doesn't mean you're important.

SANITY

Minds are like parachutes. Just because you've lost yours doesn't mean you can borrow mine.

THE SECRET OF SUCCESS

What is The Secret? Pretend you've already achieved it- Then offer to sell The Secret to others.

SELF-ESTEEM

Just because you think you're a star doesn't mean you're going anywhere.

SERVICE

View all customers as beautiful buds that must be cultivated, watered, and periodically buried under manure.

STRIFE

As long as we have each other, we'll never run out of problems.

SUCCESS

Some people dream of success, while other people live to crush those dreams.

SURVIVAL

The less you stand out, the longer you'll last.

This one is for RAGE

TEAMWORK

A few harmless flakes working together can unleash an avalanche of destruction.

TROUBLE

Luck can't last a lifetime unless you die young.

UNDERACHIEVEMENT

The tallest blade of grass is the first to be cut by the lawnmower

PRIORITIES

Hundreds of years from now, it will not matter what my bank account was, the sort of house I lived in, or the kind of car I drove... But the world may be different because I did something so bafflingly crazy that my ruins become a tourist attraction.

PROBLEMS

No matter how great and destructive your problems may seem now, remember, you've probably only seen the tip of them

PROCRASTINATION

Hard work often pays off after time, but laziness always pays off now.

PROPAGANDA

What lies behind us and lies before us are small matters compared to what lies right to our faces.

QUALITY

The race for quality has no finish line- so technically, it's more like a death march.

RECOVERY

Time heals all wounds. But it usually leaves a pretty big scar.

REGRET

It hurts to admit when you make mistakes - but when they're big enough, the pain only lasts a second

RETIREMENT

Because you've given so much of yourself to the company that you don't have anything left we

can use.

RISKS

If you never try anything new, you'll miss out on many of life's great disappointments.

SACRIFICE

Your role may be thankless, but if you're willing to give it your all, you just might bring success to those who outlast you.

SACRIFICE

All we ask here is that you give us your heart.

PERSPECTIVE

Less is more. Unless you're standing next to the one with more.

Then less just looks pathetic.

PESSIMISM

Every dark cloud has a silver lining, but lightning kills hundreds of people each year who are trying to find it.

For the Peace Process in Israel

PLANNING

Much work remains to be done before we can announce our total failure to make any progress.

POSSIBILITIES

With focus, dedication and steroids, men can achieve impossible dreams. Like breaking a world record. Or growing their own breasts.

POTENTIAL

Not everyone gets to be an astronaut when they grow up.

POWER

Power corrupts. Absolute power corrupts absolutely. But it rocks absolutely, too.

PRESSURE

It can turn a lump of coal into a flawless diamond, or an average person into a perfect basketcase.

PRETENSION

The downside of being better than everyone else is that people tend to assume you're pretentious.

MADNESS

Madness does not always howl. Sometimes, it is the quiet voice at the end of the day saying, "Hey, is there room in your head for one more?"

MARKETING

Because making it look good now is more important than providing adequate support later.

MEDIOCRITY

It takes a lot less time and most people won't notice the difference until it's too late.

MEETINGS

None of us is as dumb as all of us.

MISFORTUNE

While good fortune often eludes you, this kind never misses.

MISTAKES

It could be that the purpose of your life is only to serve as a warning to others.

MOTIVATION

If a pretty poster and a cute saying are all it takes to motivate you, you probably have a very easy job. The kind robots will be doing soon.

OPPORTUNITY

I am Dr. Adewole Aremu- a director with the Union Bank of Nigeria in Lagos - and I wish to speak to you most urgently about a matter regarding the sum of \$39,000,000 US Dollars...

OVERCONFIDENCE

Before you attempt to beat the odds, be sure you could survive the odds beating you.

PERSEVERANCE

The courage to ignore the obvious wisdom of turning back.

INDIVIDUALITY

Always remember that you are unique. Just like everybody else.

INEPTITUDE

If you can't learn to do something well, learn to enjoy doing it poorly.

INNOVATION

If it can make your job easier, it can probably make it irrelevant.

INSANITY

It's difficult to comprehend how insane some people can be. Especially when you're insane.

INSPIRATION

Genius is 1 percent inspiration and 99% perspiration, which is why engineers sometimes smell really bad.

INTIMIDATION

No one can make you feel inferior without your consent, but you'd be a fool to withhold that from your superiors.

IRRESPONSIBILITY

No single raindrop believes it is to blame for the flood.

LAZINESS

Success is a journey, not a destination. So stop running.

LEADERS

Leaders are like eagles. We don't have either of them here.

LIMITATIONS

Until you spread your wings, you'll have no idea how far you can walk.

LONELINESS

If you find yourself struggling with loneliness, you're not alone. And yet you are alone. So very alone.

LOSING

If at first you don't succeed, failure may be your style.

FUTILITY

You'll always miss 100% of the shots you don't take, and, statistically speaking, 99% of the shots you do.

GET TO WORK

You aren't being paid to believe in the power of your dreams.

GIVE UP

At some point, hanging in there just makes you look like an even bigger loser.

GOALS

It's best to avoid standing directly between a competitive jerk and his goals.

GOVERNMENT

If you think the problems we create are bad, just wait until you see our solutions.

HAZARDS

There is an island of opportunity in the middle of every difficulty. Miss that, though, and you're pretty much doomed.

HOPE

May not be warranted at this point.

HUMILIATION

The harder you try, the dumber you look.

IDIOCY

Never underestimate the power of stupid people in large groups.

IGNORANCE

It's amazing how much easier it is for a team to work together when no one has any idea where they're going.

INCOMPETENCE

When you earnestly believe you can compensate for a lack of skill by doubling your efforts, there's no end to what you can't do.

INDIFFERENCE

It takes 43 muscles to frown and 17 to smile, but it doesn't take any to just sit there with a dumb look on your face.

This is awesome! Now I know that the NaNach species are really extra-terrestrial. The only question that remains is, from which star system do they come from? Could it be from that "primate planet" you were talking about in your other post today? ;D
