Some funny quotes

"Why does Sea World have a seafood restaurant?? I'm halfway through my fish burger and I realize, Oh man....I could be eating a slow learner."

"I'm in no condition to drive...wait! I shouldn't listen to myself, I'm drunk!" -Homer J. Simpson

"I do not like broccoli. And I haven't liked it since I was a little kid and my mother made me eat it. And I'm President of the United States and I'm not going to eat any more broccoli." -George Bush.

"You have to stay in shape. My grandmother, she started walking five miles a day when she was 60. She's 97 today and we don't know where the heck she is."

"The pen is mightier than the sword, and considerably easier to write with."

"Sometimes I lie awake at night, and I ask, 'Where have I gone wrong?' Then a voice says to me, 'This is going to take more than one night.' "

"On my first day in New York a guy asked me if I knew where Central Park was. When I told him I didn't he said, 'Do you mind if I mug you here?'."

A joke

1)A young Jewish man was visiting a psychiatrist, hoping to cure his eating and sleeping disorder. "Every thought I have turns to my mother," he told the psychiatrist. "As soon as I fall asleep and begin to dream, everyone in my dream turns into my mother. I wake up so upset that all I can do is go downstairs and eat a piece of toast."

The psychiatrist replied, "What, just one piece of toast for a big boy like you?"

some stuff from the new guy...(might make you cry)

there was a village in africa famous for their chiefs beautiful throne. a neighboring tribe, jealous, decided to wage war and steal the throne. the chief decided that instead of fighting back they would just hide the throne and tell the attackers that it was burnt. the attackers, convinced that they were being lied to, searched the village from top to bottom. as they about to leave in defeat the roof of one of the grass huts collapsed and out fell the throne.

the moral of the story: men who live in grass houses shouldn't stow thrones

this one works best if you speak hebrew as well as english.

a man went to the beach with his extended family. his mother in law went for a swim and started drowning. the man immediately started davening mincha. "are you crazy?!" his wife yelled "why are you davening now?" "what do you mean?" he replied "shkias hachama!"

a guy hears a knock on the door and opens it to see his mother in law standing there with three huge suitcases

"so ma how long are you planning on staying?"

"as long as you want"

"you won't even come in for a cup of tea?"

a guy goes running out to the street

"you have to help me. my mother in law is trying to jump out the window!"

"oh no! we have to help her!"

"no you don't understand. the window is stuck!"

a rabbis landlord, an anti semite, called the rabbi one day to inform him that there was a dead dog in front of the building. "aren't you the super?" the rabbis asked

"clergy take care of funerals" was the reply

a few minute later the super gets a call from the rabbi informing him about the dog

"i thought i said thats the job of the clergy"

the rabbi replied "i'm just notifying next of kin"

two hobboes were sitting at the side of the road holding a sign which said "the end is near" a car pulled up the driver rolled down his window and proceeded to tell the hobboes exactly what he thought of armagedden predictors. a few minutes after the car drove on there was the sound of a splash. one hobboe turned to the other and asked "should we just change the sign to say 'the bridge is out'?"

Why are the towels next to the sinks in the Mir?

Just in case you touch them, you can wash your hands.

Loshon Acher-

Why is there a roll of paper towels next to the towels at the Mir?

So that you can wash your hands on the towels and dry them with the paper towels.

-INSIDE JOKES-

(Yeah, I'm just popping bye.)

A fly falls into a cup of coffee and...

The Italian - throws the cup, breaks it, and walks away in a fit of rage.

The German - carefully washes the cup, sterilizes it and makes a new cup of coffee.

The Frenchman - takes out the fly, and drinks the coffee.

The Chinese - eats the fly and throws away the coffee.

The Russian - Drinks the coffee with the fly, since it was extra with no charge.

The Israeli- sells the coffee to the Frenchman, sells the fly to the Chinese, sells the cup to the Italian, drinks a cup of tea, and uses the extra money to invent a device that prevents flies from falling into coffee.

The Palestinian - blames the Israeli for the fly falling into his coffee, protests the act of aggression to the UN, takes a loan from the European Union to buy a new cup of coffee, uses the money to purchase explosives and then blows up the coffee house where the Italian, the Frenchman, the Chinese, the German and the Russian are all trying to explain to the Israeli that he should give away his cup of tea to the Palestinian.

Interestingly enough, that story is actually based on a gemara (end of gittin):
