Some funny quotes

"Why does Sea World have a seafood restaurant?? I'm halfway through my fish burger and I realize, Oh man....I could be eating a slow learner."

"I'm in no condition to drive...wait! I shouldn't listen to myself, I'm drunk!" -Homer J. Simpson

"I do not like broccoli. And I haven't liked it since I was a little kid and my mother made me eat it. And I'm President of the United States and I'm not going to eat any more broccoli." -George Bush.

"You have to stay in shape. My grandmother, she started walking five miles a day when she was 60. She's 97 today and we don't know where the heck she is."

"The pen is mightier than the sword, and considerably easier to write with."

"Sometimes I lie awake at night, and I ask, 'Where have I gone wrong?' Then a voice says to me, 'This is going to take more than one night.' "

"On my first day in New York a guy asked me if I knew where Central Park was. When I told him I didn't he said, 'Do you mind if I mug you here?'."

A joke

1)A young Jewish man was visiting a psychiatrist, hoping to cure his eating and sleeping disorder. "Every thought I have turns to my mother," he told the psychiatrist. "As soon as I fall asleep and begin to dream, everyone in my dream turns into my mother. I wake up so upset that all I can do is go downstairs and eat a piece of toast."

The psychiatrist replied, "What, just one piece of toast for a big boy like you?"

A rabbi, a priest, and a minister get together (first mistake) to prove whose better at their job. They go to the woods to convert bears and agree to compare notes in 1 hour. Back at the LZ, the priest says he got the bear to take a copy of the catechism and he agreed to come to church this sunday for communion. The minister relates how he actually baptised his bear and got him to flop on the ground and talk in tongues for a bit. They look around for the rabbi and find him on the ground nearby with his shirt and jacket wrapped around some wounds. They asked him what happened.

He just replied, "Maybe I shouldn't have *begun* with the circumcision."

The Perfect Worker Evaluation

1 Bob Smith, my assistant programmer, can always be found
2 hard at work in his cubicle. Bob works independently, without
3 wasting company time talking to colleagues. Bob never
4 thinks twice about assisting fellow employees, and he always
5 finishes given assignments on time. Often he takes extended
6 measures to complete his work, sometimes skipping coffee
7 breaks. Bob is a dedicated individual who has absolutely no
8 vanity in spite of his high accomplishments and profound
9 knowledge in his field. I firmly believe that Bob can be
10 classed as a high-caliber employee, the type which cannot be
11 dispensed with. Consequently, I duly recommend that Bob be
12 promoted to executive management, and a proposal will be
13 executed as soon as possible.

Addendum:

That idiot was standing over my shoulder while I wrote the
report sent to you earlier today.

Kindly re-read only the odd numbered lines.

It's not always the best idea to become an engineer

In some foreign country a rabbi, a lawyer and an engineer are about to be guillotined. The rabbi puts his head on the block, they pull the rope and nothing happens -- he declares that he's been saved by divine intervention -- so he's let go. The lawyer is put on the block and again the rope doesn't release the blade -- he claims he can't be executed twice for the same crime -- so he is set free too. They grab the engineer and shove his head into the guillotine, he looks up at the release mechanism and says, "Hey, wait a minute, I think I see your problem..."

Subject: Tech Support

A guy rings tech support to report that his computer is faulty.

Tech: "What's the problem?"

LUser: "There is smoke coming out of the power supply."

Tech: "You'll need a new power supply."

LUser: "No I don't! I just need to change the startup files."

Tech: "Sir, the power supply is faulty. You'll need to replace it."

LUser: "No way! Someone told me that I just needed to change the startup
and it will fix the problem! All I need is for you to tell me the
command."

10 minutes later, the LUser is still adamant that they are right.

The Tech is frustrated and fed up.

Tech: "Sorry, Sir. We don't normally tell our customers this, but
there is an undocumented DOS command that will fix the problem."

LUser: "I knew it!"

Tech: "Just add the line LOAD NOSMOKE.COM at the end of the
CONFIG.SYS. Let me know how it goes."

10 minutes later.

LUser: "It didn't work. The power supply is still smoking."

Tech: "Well, what version of DOS are you using?"

LUser: "MS-DOS 6.22."

Tech: "That's your problem there. That version of DOS didn't come
with NOSMOKE. Contact Microsoft and ask them for a patch that will
give you the file. Let me know how it goes."

1 hour later.

LUser: "I need a new power supply."

Tech: "How did you come to that conclusion?"

LUser: "Well, I rang Microsoft and told him all about what you said,
and he started asking questions about the make of power supply."

Tech: "Then what did he say?"

LUser: "He told me that my power supply isn't compatible with
NOSMOKE."

A computer programmer was walking along the beach when he found a lamp.

Upon rubbing the lamp a genie appeared who stated "I am the most powerful genie in the world.
I can grant you any wish you want, but only one wish."

The programmer pulled out a map of the Mediterranean area and said "I'd like there to be a just
and last peace among the people in the middle east."

The genie responded, "Gee, I don't know. Those people have been fighting since the beginning
of time. I can do just about anything, but this is beyond my limits."

The programmer then said, "Well, I am a programmer and my programs have a lot of users.
Please make all the users satisfied with my programs, and let them ask sensible changes"

Genie: "Uh, let me see that Mideast map again."

Teef! Sometimes it doesn't pay to argue with somebody. The successful person is the one who can let go, look bad (he admitted that there was a LOAD NOSMOKE.COM command) and let the other person feel important. The tech guy will get great reviews from the IUser for the secret tip and probably a raise from his boss for dealing with this famous and stu*** client so well.

Warning: Spoiler!

E-mail from G-d

One day God was looking down at Earth and saw all of the evil that was going on. He decided to send an angel down to Earth to check it out. So he called on a female angel and sent her to Earth for a time. When she returned she told God, yes it is bad on Earth, 95% is bad and 5% is good.

Well, he thought for a moment and said maybe I had better send down a male angel; to get both points of view. So God called a male angel and sent him to Earth for a time.

When the male angel returned he went to God and told him yes, the Earth was in decline, 95% was bad and 5% was good. God said this was not good.

He decided to E-mail the 5% that were good and encourage them, a little something to help them keep going.

Do you know what that E-mail said

Oh, you didn't get one either

Guys I don't know if you should be hitting thank you for that last post, you look stupid, no?

Unless you are part of the 5% and basically meant to thank me for being a jerk. Well then come on, be a nice samaritan

Teach me how to be good so I can also recieve Gds emails, and we can prosper together.
Deal?
