Some funny quotes

"Why does Sea World have a seafood restaurant?? I'm halfway through my fish burger and I realize, Oh man....I could be eating a slow learner."

"I'm in no condition to drive...wait! I shouldn't listen to myself, I'm drunk!" -Homer J. Simpson

"I do not like broccoli. And I haven't liked it since I was a little kid and my mother made me eat it. And I'm President of the United States and I'm not going to eat any more broccoli." -George Bush.

"You have to stay in shape. My grandmother, she started walking five miles a day when she was 60. She's 97 today and we don't know where the heck she is."

"The pen is mightier than the sword, and considerably easier to write with."

"Sometimes I lie awake at night, and I ask, 'Where have I gone wrong?' Then a voice says to me, 'This is going to take more than one night.' "

"On my first day in New York a guy asked me if I knew where Central Park was. When I told him I didn't he said, 'Do you mind if I mug you here?'."

A joke

1)A young Jewish man was visiting a psychiatrist, hoping to cure his eating and sleeping disorder. "Every thought I have turns to my mother," he told the psychiatrist. "As soon as I fall asleep and begin to dream, everyone in my dream turns into my mother. I wake up so upset that all I can do is go downstairs and eat a piece of toast."

The psychiatrist replied, "What, just one piece of toast for a big boy like you?"

It's great! Maybe the Obama congress will give us a grant to study it further and fund GYE?

A Poem called:

"But I can't think of anything that rhymes with blue"

By Anonymous (ok Guard, if you *have* to know)

Roses are red

Violet's are blue

This is a good start to a poem

hey I was bored
But I can't think of anything that rhymes with blue

Oh well.

The End.

I'm still waiting for my email from the white house.

I didn't care to write it too oficial like, but then again he isn't the type to keep to formalities.

By the way, rather astonishingly, I once dated a girl who said she HAD been stalked a few times, by guys she'd dated. (shuddering emoticon).

Yeesh!

This is not really the place to post this, but I have been reading and heard personally about stalking. It is more prevelant than most people think. Now the stalkers are using electronic devices and cameras as well. If you have

doubts, do a little research with Google. I was surprised, maybe shocked, by what I found, without much effort.

The electronic bugging stuff happens a lot even for other purposes.

Althought there is room for pipul in this halacha. A ben-Noach cannot kill a yid, under any circumstance. Rightfully killing a Yid, needs a besdin of musmachim. and jewish eidim.

Additionaly, they do have a decent argument, in his defence, from the legal/ethical standpoint.

Personaly I do not hold of the death penalty for this reason alone, that jews will die. But if we are talking about goyim, the world's judicial systems have full license and obligation to kill any goy for stealing even a Shveh Prutah. And a woman can be a judge (I don't remember about witness but I think so), and you only need 1 witness.

Yes, I do live by a double standard. Although by monetary issues, it's much harder to be nice to the "guilty" yid. True the jails will break any yid, in addtion to raping, and violently beating him..... but sadly that is the system. When we get into a car, we need to be aware that there is "implied concent" to take a breathalizer, and to C"V be jailed for the way we may drive. To a Yid, the US penal system is far more serious of a punishment, than for any normal inmate. If only there was a national unit/wing for every jewish inmate in the country.

Even if we had to fund the prison transfer, it would still be a wondersull solution.

Two amusing news articles today...one used the phrase "Paterson has proposed a compromise ethics bill..."

Thought that was an amusing contradiction.

Funnier, though? The fact that a global warming conference scheduled for today had to be cancelled due to the snowstorm... :D
