soak in the sunset

watch the moon through the schach while dozing off on sukkos night

gaze out over the ocean and see if you can't see Eretz Yisrael peeking over the horizon

find the reddest, yellowest and goldest leaf in the fall

look at your child while playing 'this little piggy' on their fingers

look at your children while they sleep, thank Hashem for such a gift

try walking around for 30 seconds with your eyes closed, then open them and appreciate the miracle of our eyes

Or close your eyes for 30 seconds and stop reading GYE. Then appreciate the miracle of GYE
