It might be helpful when you are collecting donations because credit card fees can be large. Bitcoin fees can be very small or even zero. So you get more of your tzedaka. And they are pretty anonymous, you don't have to share personal information (like your name or zip code) in order for the payment to work.

The PTB (Powers that be) better get the bitcoin thing set up. Now that Silk Road is offline everyone is gonna come over to GYE to get high.

No, now EVERYONE is going to use it because the feds can't figure out how to actually take the guy's proceeds away from him. Facts speak louder than words.
