

The GYE World Council

The goal of this thread is to have a place where we can post situations and ideas for world peace or world domination (depending on what mood we're in), or any other problem that plagues us (~~like Ferguson~~). After the idea is presented, the oilam can comment on what the ramifications of the idea might be, and eventually we can vote it into being, or veto it into oblivion (like ferguson).

I asked Bigmoish and Skeptical for ideas on the first issue to be decided by the council and a number of ideas were suggested:

~~Ferguson~~

Hot weather

Cold weather

Pareve cholent

People who answer their phones while davening for the amud

Enough sleep

~~Ferguson~~

Global warming

"The guy you think is the Baal Tefilla because he davens loud but isn't, which causes confusion"

Global warming's seeming inability to global warm

traffic

All the things mentioned in "a million things that bug me" by calvin, as follows: (REMOVED BY ZEMMY due to the pending lawsuit of Bill Watterson vs. The GYE council for world domination,)

And last, but never least, (cause I'm not racist),

~~FERGUSON~~

It's up to the council to decide what to pursue first, and to add ideas as they think of them.

Let the GYE council begin!

OK, so back to the topic on hand, I'd like to call out that guy on 13th avenue who has nothing better to do with his life 10 minutes before shkiyah on friday, then to roll down his window and start shmoozing with Yankel like its 10am on Sunday morning (oh, and the other 3 guys who are double and triple-parked so i can't get around this guy...)

I find it hard to believe that on a forum full of SA members,

it takes the guy who has never been to a meeting,

and doesn't work the 12 Steps,

to say.....

Let Go

and

Let G-d!!!!

Hey DMS, are you going to tell us what your other 1222 steps are?
