

"GYE members" table when Machia'h will be here

Any idea of what we would be talking about ??

I often think about all the laughs and happiness we will feel at this moment ! How we will be proud of ourselves and very thank full to Hachem Who Gives us such an opportunity to leave our lives in His Hands and to achieve His Will, especially in this area !

Perhaps then we will be thankful that we had this formidable challenge that caused us so much grief in the past.

We will be happy of the many days of sobriety that we accumulated and they will be displayed somehow through our Neshama like medals of honor.

Waiting for your ideas !

We will laugh at ourselves in how so often we simply did not realize that our natural tendency to fall in this area was in reality a grand opportunity for greatness.

I usually dont spend time thinking whats going to be, Palti Yosef, but for your sake if already i will be seated in "Gye memmbers table", i am thinking if having my piece of Lyviathan roasted on the grill or marinated a la gourmet... maybe a slice of salmon will do it.

We will yearn for our struggles that we had before he came. There is a medrash on the posuk ????? ???? ???? that states the when Mashiach will come and we will lok on our challenges from the other side of the water, in a time that the world will ??? ??? ????? ???? ??? ?????? without any challenges, and we will see how close we were to hashem, that will bring a yearn to our struggles.

If only we can get judged by our user names we would surely get front seats at the seudah!

We've got everything, Torah Avodah and Yiras Shamayim!

newaction - I feel exactly what you just described. Thank you for articulating it in such an articulate albeit melancholy wayway.

Some know how to sing the blues others know how to pen them.

I am very sorry to have sounded on the melancholy note. I got carried away a bit besides for me being a sentimental type. But after i finish crying i feel more humble and a bit more wholesome. And my heart straightens a bit more. . . !?????? ?? ????? .

I imagine that there will be little talking because Yosef will be giving a big speak or lesson. Sure, he did not post on the forum even once, and never gave some money to guardyoureyes.com, but I think he would still be at the head of the table.

It will be interesting to see how many of his children are at the table. Will their be a lot because it is the job of Yosef, and therefor his children, to resist these temptations? Maybe there will be very few because his reward for passing his trial was that his children would have special protection from similar trials. I think it will be the former.

No matter what though, I just hope we are served cake with lots of frosting on it.
