

Kosher News Website

Posted by some_guy - 05 May 2015 09:25

Does anyone know of a good website to get the news? A lot of the major websites are not trustworthy, not to mention the ads that could be on their. Thanks for the suggestions!

I was a world news junky. Yeshiva news is what I watch -nu nu it will have to suffice.

All the rest like fox I have stopped all together. I am hoping to eventually get away from this habit and hit the holy books more often.

there is also matzav.com

similar to the above with a different twist
