FREE HARDCORE CORNOGRAPHY
Posted by peloni almoni - 12 Aug 2015 03:54

_____

cornography *n*, [kor-nog-ruh-fee] - an intense display of corny or clever jokes, commonly used in various kinds of recovery

side effects of viewing cornographic images will include laughter, rolling of the eyes, the occasional snort, and general irritation. extreme cases were known to include diarrhea, coughing, vomiting, and well...

[spoiler][/spoiler]

if you experience any symptoms for more than 4 hours, you're welcome.

HISTORY OF CORNOGRAPHY -

i am a firm believer in this. and i am sick and tired of posting on other people's forsaken "just having fun" threads that cordnoy keeps reviving from the dead. i am getting increasingly depressed by posting on the depressed person's chill spot, and i feel like i already ate and digested all the "chulint" i could handle. hell, i even made an ??? ???

sooooo, i am starting my own blog, that will, at least for some time, be updated and active, but hopefully be interactive. i encourage everyone to PLEASE PLEASE PLEASE help, as humor therapy should be a group effort. you all have talent - I'VE SEEN IT.

~~*corndnoy*~~cordnoy is so good at it, that if this were a corny army, i would appoint him ...

Warning: Spoiler!

rabbosai, the indians called corn "maize". they must have thought corny jokes were just "amazing". but my motto for this blog is - **NO JOKE IS TOO STUPID**. you have my word that i will at least try to laugh at every attempt at humor that anyone makes here. feel good that you may be giving me or someone else chizuk - or at least you will be annoying "the urge" right out of them.

so friends. romans, countrymen, give me your EARS of corn...

BRING OUT THE POPCORN, LET THE SHOW BEGIN...

[zemmy, if you're reading this, let it never be said that i do not take my ????? seriously. ?' ?? ?????? ????? ????? ????? ???]

(to your implication that i had to check that up)

Oh that wasn't my intention, to assume that you may of forgotten such a critical halacha,

im sure it emblazoned itself upon your conciousness the very first time you set eyes upon those holy words.

I kind of glazed over it, never thought much of it, i probably figured that a "mashehu" would never be a problem by me.

Either way thanks for sharing.

Now let's move on to siman "resh mem", shall we?

I was judging you favorably

Why did you skip that important 'Let my people go' Sign

Presumably you were busy in a different room

You do get a violation for not posting it in time.

I have an urge to make an inappropriate comment about the user "in a struggle" right now, and get some hell from the community, but I am better than that.
