UAJ, I can't figure out if you are joking or not.

I sure hope he was jokin' (although it belongs in the 'dirty jokes' section - Markz, do we have one?), for it borders on the absurd.

Cordnoy when you're back in custody - you'll be placed in a different cell with new reading material, and also this new post you've been assigned to

As the founding member of this "dirty jokes" post I will be monitoring that this post doesn't get out of hand, cos if you do we have these ready for you

I want to explain Cord's humor to those that don't get it (myself included)

Someone like Cord' that life is unmanageable with lust, has a lust pillow stuffed in front of his face, and therefore his jokes are based on that perception. That is his reality, and he's using all the great tools at his disposal to deal with his reality, and **assists many others too**

Many of us (myself included) when hearing a joke from Cord' are shocked, b/c he's evoking our imagination to something we didn't even consider, and is therefore triggering to us.

That is no excuse to ban his humor from this forum, just as we don't ban posts that are WAY more triggering

you guys better man up quick and come up with some good dirty material, because we all know that if you leave it to me to step over the red line first, it won't end well. especially since serenity is not invited.

In the Mabul fish weren't punished for illicit relationships

This is why there's no stupid fish sitting on top of that black Vegas truck.

I wonder. Is the fish inside the truck??
