Quotes from non Jewish sources like krexy apply to non Jews that marriages last 6 months

Not all those rules of happy marriage really have anything to do with happy marriage

Im just sayin'

I thought that they were sound advice. What part did you not like?

10) was wrong

7) has caused me many sleepless nights

All others were good

How come you quote me as having written my post on Dec 1st

Granted for #10. I didn't like that one much either. For #7, i guess that sometimes the best settlement for an argument, is to just let it settle...

And as far as my account is concerned, it's already dec 1

Ok your quotes are getting a little closer to the real world

But can I ask you somethin'

I haven't heard much about your lusting / recovery on forum recently

I only see pictures.

Perhaps that's your preferred communication method

So you also converse with your wife by pictures?

And on Shabbos you pull out a magazine and point here and there at all the various pictures and she nods her head sideways or up and down?

Interesting!

Now don't you dare stop your 'quote of the day' - I'm just asking cos I care

Don't make me break the marriage theme during sheva brochos, but to answer your question

I couldn't resist that quote because it fit with your question so well, but the real reason that I don't currently post on my other threads, is because I'm in constant contact with a few (real) people from gye, and it feels funny updating an anonymous group (even if this IS the greatest group in the world) when I just updated a real group.

And, the truth is, is that the Daily Quote does often reflect my thoughts. (Not always though for the rec)
