I was gonna ask you;

you see there's guys here that are hesitant to open up with real people. I think it's highly beneficial if they (typically newcomers) see that many guys here have regular phone calls, meetings etc like shlomo kindly agreed to put in his signature 'what works for me'

So I was wondering if you'd do the same - since you're a regular poster but only post posters

Oh yeah - so you gonna put a picture there too????????????

man whatever floats your boat / bird whatever flies your kite

Everything works for me, and nothing works for me. I have no secrets to success, and I'm not sure I have any success. There are some things that have helped me - until they don't, but that

doesn't mean that they never helped, but it also doesn't mean that they are the answer. My absolute only advice (at the moment :-)) is be very honest and never ever give up. But even that has its exceptions, like sometimes we need to turn a blind eye, or take a break, so really I have no advice. That's why I post Daily Quotes. They're things that ring true to me at the moment, they inspire me, and I hope that they inspire others. I read them and then go on with life. If they helped - great, if not - we try again tomorrow.

Does that answer the question?

Oh! I almost forgot. You wanted a picture to go with it. :-)

You're on my hit list.

When I need someone to call I'm gonna want your number bro!

I think you've been reading some looooong Dov quotes recently

Your 'what works for me' is a little long. Can you put it into 1 sentence with 20 words max and no Rashei Tevos

Oh actually the picture you posted was it - and quite a good one.

KOS!

Hmmmm. I don't agree. It goes for good wives also that a good wife doesn't make a good husband.

Granted - you are right, that one spouse can not control the other. There are however, many things that one can do that will greatly effect their spouse. A husband who acts in a kind caring manner, or a good wholesome way, creates an environment where the wife wants to follow suit. Of course, there can be other factors that can change things differently, but generally speaking, this does work.

Ok, it's the last one. Shlomo, this is good to keep in mind married or not (yet). Actually, most of these marriage quotes can apply to unmarried folks as well.
