"Shlomo24" and "will Succeed Beh" both thanked this quote. Maybe you can explain it to me?

Being somebody - being a certain look, to get anywhere you need to have a specific will in mind!

Hay Mirr, you're gonna scare off all of my thank you'ers. Just make sure that you don't ask anyone to explain why they upped my karma. :-)

To be "somebody" is quite general. Everyone is "somebody." If we want to achieve something in life we need to think about our goals and work towards them. For example, my long-term goal is to have a family so I work the 12-steps in order to have a spiritual experience so I will be ready to have a family.

To me, it read, "I've always thought that i can resist anything, until I faced temptation"

That would be similar to a general being confidant that he will win all battles, having never been in a war in his life.
